## PLAN TO PREVENT SALE OF BOOZE ON SHIPS OF THE U. S.

MOVE TOWARD DEFINITE ACTION IS TAKEN BY GOVERNMENT.

### PROPOSE AMENDMENT TO THE SHIP SUBSIDY BILL

Treasury Department Is Expected to Ask Attorney General For Ruling.

WASHINGTON, June 15—Matters began shaping themselves today toward definite action by the government with respect to the sale of liquor on American ships as set forth in letters and statements made public by Anheuser Bush Inc., of St Louis

Indications were given at the treasury that Attorney General Daugherty would be asked in the near future to rule on the question of whether ships under the American flag but beyond the three mile limits of the United States were subject to the prohibition amendment and the Volstead act Acting Attorney General Frierson of the Wilson administration held that they are but Chairman Lasker of the shipping board in justifying the present sale of liquor on American ships has said that the board's counsel holds to the opposite side of the Frierson ruling

Another definite move was made through presentation to the house merchant marine committee considering the pending merchant marine or ship subsidy bill of an amendment by Representative Bankhead, democrat Alabama under which government aid would be denied any American ship having liquor on board either in storage, for sale, or for any other disposition

The committee did not act on the amendment today and members declined, to state how they regarded the amendment

Soon after Representative Bankhead presented his amendment Representative Cooper republican, Ohio, first in a statement and later in speech in the house, declared he would support such an amendment as the constitution of the selling of liquor on American boats justifies the charge made by the Anheuser Busch company that Uncle Sam is engaged in bootlegging"

"No one will deny that the lawbreaker and the bootlegger in our land will be encouraged to carry on his work by reason of the policy of the shipping board Mr Cooper said, for it places the government in the position of admitting its inability and unwillingness to enforce its own laws

Declaring the government could not afford to permit this condition Mr Cooper added that the shipping board has no more right to permit liquor to be sold in government owned ships operated under the American flag than the moonshiner and bootlegger at home has to dispense his bootleg whiskey and raisin jack '

#### DEPEND ON CONGRESS TO PUT AN END TO PRACTICE

WASHINGTON June 15—With Chairman Lasker adhering to his stand that the sale of liquor on shipping board vessels at sea will continue until he "has been convinced of its illegality," any action in the matter apparently was left today to prohibition leaders in Congress While the correspondence exchanged on the subject between Mr Lasker and Adolphus Busch III vice-president of the Anheuser Busch Brewery company, St. Louis, continued to provoke discussion among the dry members, it was reported that their first move to stop the sale of liquor on American vessels would be an attempt to secure an amendment to the ship subsidy bill before the merchant marine committee It was rumored that this probably would be made today, although its defeat there was generally predicted

That the issue would have to be met when the subsidy bill is taken up in the house however was said by friends of the measure to seem certain, unless it is considered under a rule barring from consideration all amendments except those offered by the reporting committee Representative Upshaw, democrat Georgia, has publicly announced that he will offer an amendment providing that no part of the federal subsidy fund shall be used by steamship lines on whose ships liquor is sold

After a conference with Attorney General Daugherty late yesterday in which the matter of liquor sales at sea was said to have been discussed only incidentally, Chairman Lasker said he would not ask the department of justice for a new opinion on the question, being entirely satisfied with that rendered by General Counsel Schlessinger of the shipping board upon which he informed Mr Busch in their correspondence the board had taken its stand in the matter

#### HAVE WITNESSES TO SUPPORT CHARGES MADE

ST LOUIS MO June 15—The Anheuser Busch Brewing company is willing to produce witnesses to support charges made in the letter of August A Busch and his son Adolphus Busch III to President Harding and which were turned over to Chairman A D Lasker of the shipping board that the United States shipping board is violating the prohibition law and the Volstead act, in the event of a congressional inquiry, it became known here today through representatives of the firm

## OFF AND ON AGAIN IS PRICE ON COAL AFTER CONFERENCE

WASHINGTON June 15—Coal operators and dealers complying with the administration's plan for voluntary price restraint during the present strike were here today to confer with Secretary Hoover on steps for bringing into line the minority in the producing and distributing branches of the industry who have failed to co operate

Because of the non-compliance of the operators and dealers in some districts Mr Hoover said in explaining the necessity for the conference the average spot prices for bituminous coal after declining from $3 67 to $3 05 a ton when the voluntary plan was put out had increased again on June 12 to 3 44

## NATIONAL GUARD IS ON GUARD DUTY IN UTAH STRIKE AREA

SALT LAKE CITY UTAH June 15—Two hundred national guardsmen were on duty today to enforce in the coal strike area of Utah Governor Mabey's proclamation of martial law which was issued yesterday after a mine guard had been killed and an official wounded by men firing on a train

Three national guard units were sent to the scene last night Major Elmer Johnson in command was given authority by the governor to close all mines in the district if that was deemed necessary to restore order The train reported ambushed yesterday bore nonunion miners

WHITE PLAINS N Y June 15—Walter S Ward millionaire baker's son today was indicted by the Westchester grand jury on a charge of killing Clarence Powers ex-sailor last May

Soon after the indictment was returned deputy sheriffs were sent to Ward's home in New Rochelle to arrest him He has been at liberty on $50 000 bond

## FAIL IN EFFORT TO AVERT A STRIKE AT ANTHRACITE MINES

NEW YORK June 15—The break in the wage negotiations between the United Mine Workers and the anthracite coal operators appeared irreparable today as the union members prepared to leave for their homes That the suspension of the hearings mean a strike was the opinion of both sides

Between 150 000 and 175 000 miners are out now The strike of maintenance men 5 000 of whom are on duty protecting the mining properties, would place millions of dollars' worth of coal properties in jeopardy through water seepage and other dangers

The union delegates at the meeting yesterday refused to entertain a proposal from the operators that the entire wage controversy be submitted to arbitration of a committee appointed by President Harding The conference then adjourned without future date when the operators refused to negotiate further except upon the arbitration basis

#### MINERS AND OPERATORS HAVE LOST $143,000,232

The figures date from April 1 and are from original sources They are based on an average daily wage of $5 for each miner and an average cost of maintaining the mines while idle to the operators of $910 000 a day

## STRIKE BALLOTS OF SIX BROTHERHOODS ARRIVE AT CHICAGO

CHICAGO June 15—While three sets of strike ballots rolled into Chicago headquarters of the six railway shop crafts unions three other railway labor organizations were preparing today to call for a strike vote following an anticipated wage reduction expected from the railroad labor board tomorrow

The new decision which is expected to lop from $30,000 000 to 40,000 000 from the pay of 325 000 clerks, signalmen and stationary firemen and oilers will complete a series of three wage reduction orders all effective July 1

At a conference in Cincinnati last week 11 unions decided on a strike vote in protest against the July 1 wage cut One union the telegraphers will not be affected by tomorrow's decision and is not expected to ballot The shopmen subsequently added two more questions to their ballots piling up a triple barreled vote

Although tomorrow's decision will cover train dispatchers and other supervisory officials, no reduction is expected for the class of workers and the maximum cut for any class is now estimated at not more than five cents an hour

## HAGUE CONFERENCE CALLED TO ORDER IN THE PEACE PALACE

SIXTY DELEGATES REPRESENTING THIRTY COUNTRIES PRESENT.

### WILL RESUME PROGRAM OF GENOA CONFERENCE

Russian Affairs Principal Problem Before Delegates In Attendance

By Associated Press

THE HAGUE June 15—The conference which is to consider Russian affairs was called to order in the peace palace this afternoon by the Dutch foreign minister H A Van Karnebeek Sixty delegates representing about 30 countries were present

All sessions will be absolutely secret it was announced Even the representatives of the world press were denied admission to the peace palace The newspaper men insisted upon entering the palace grounds presenting their protest personally to the Dutch foreign minister who refused to admit them to the opening session and said they should not said they should not have been admitted to the palace grounds as proceedings are all to be secret

#### ALL OF EUROPE CENTERS HOPE ON CONFERENCE

THE HAGUE June 15—All Europe centered its hopes today in the opening of the international conference which is dedicated to the task of making practical arrangements for the reentry of Russia into the concert of nations

The at least temporary failure of the efforts at Paris to organize an international loan for the restoration of Germany has undoubtedly served to augment the pessimism concerning the prospects of making definite agreements with communistic Russia on such vital matters as credits the treatment to be accorded to property held by foreigners and the payment of the Russian debts

Nevertheless determination was evident to make every conceivable effort to reach the results which the Genoa conference did not succeed in achieving

The representatives of the principal countries excepting Russia were scheduled to assemble in the peace palace at 2 30 o clock this afternoon and there begin studying the program which will be presented to the Russian delegation at the joint meetings on June 26

Although Holland disclaims any intention or desire of directing the conference the foreign minister Van Karenbeek will deliver the opening address as temporary president welcoming the delegates to The Netherlands and voicing Holland's sincere wishes for the success of the conference

Chief interest centers in the harmonization of the attitudes of England France and Italy on how to approach the soviet delegation officially for France shows a disposition to adhere tenaciously to her German demand for suitable guarantees from the bolsheviki before undertaking to renew official relations with Russia

France objects to the soviet memorandum submitted to the Genoa conference on May 11 which attacked the capitalistic system of the other countries and charged these nations were doing many things—confiscating property for example—equally drastic with the bolsheviki measures to which they objected The French would like to see this memorandum withdrawn by the soviet before official pour parlers with the Russian delegation again are inaugurated

Great Britain and Italy apparently are ready to pursue the more conciliatory policy

#### RUSSIAN ATTITUDE SAME AS ADOPTED AT GENOA

By Associated Press

MOSCOW June 15—On the eve of The Hague conference officials of the Russian soviet government informed the Associated Press that the Russian attitude at the new meeting will be the same as that adopted at the Genoa conference The only concessions to foreign capital possible it is added is on the basis of the recently enacted laws governing private property

Karl Radek soviet chief of publicity declared The Hague conference of experts will be rather a hindrance than a help because it will not be a mutual discussion of problems but merely create a united front of capital

If we are not to consider the declarations of Hoover and Hughes and the memorandum of Poincare as empty threats then what they ask before the pour parlers with Russia is Russia's withdrawal of the memorandum of the eleventh of May in which the principal allied position of Russia was expressed

The Russian government is not in such a low position as to allow itself to be treated with contempt by France or even America without whose economic cooperation the economics of the Russian state cannot be reestablished By her famine relief America has gained some sympathy in Russia which she is going to forfeit if she wishes to play the role of dictator

Despite her poverty Russia will enter into relations with foreign countries only on the basis of mutual esteem

#### BELGIAN MINISTER HAS TALK WITH POINCARE

PARIS June 15—The Belgian foreign minister M Jasper had a long interview with Premier Poincare last night which resulted according to the Echo de Paris in a complete agreement as to the stand to be taken by the two nations at The Hague conference

Belgium it was added will maintain the attitude she adopted at the Genoa conference regarding the return of private property in Russia

## UNION LEADERS NOT TO INTERFERE WITH A STRIKE IF VOTED

STATEMENT IS MADE BY OFFICIAL OF LABOR FEDERATION.

### DEFEAT RESOLUTION FOR AMALGAMATION

Jewel Declares Railroad Workers Are Ready For the Test.

By Associated Press

CINCINNATI, June 15.—Officers of the railroad unions will not interfere to stop a strike of the 1,-225,000 shop craft and maintenance of way workers, B M. Jewell declared today in addressing the American Federation of Labor convention here. Mr. Jewell is president of the railroad employes department of the federation.

"The railroad workers are ready for the test," said Mr. Jewell, "and if they decide to strike their decision will be complied with by their leaders."

CINCINNATI, June 15.—Without opposition or debate the American Federation of Labor convention here today killed a resolution proposing a radical change in the form of the organized labor movement in the United States by the amalgamation of all unions into single organizations, each covering an industry The resolution was introduced by E H. Fitzgerald and others representing the railway clerks

By Associated Press

CINCINNATI OHIO June 15—Only a half day of work faced the American Federation of Labor convention here today Prospects were that it would be called on to settle whether a special committee vested with authority to frame a program designed to overcome court decisions adverse to labor should center attention only on formulating a plan for obtaining enactment of a valid child labor law

James Duncan of Quincy Mass chairman of the resolutions committee, was ready to ask that the special committee's authority be limited for he contended its work would conflict with standing committees already considering questions linked with the convention's manifest intent favoring a constitutional amendment for a congressional veto of supreme court decisions Pending settlement of the question President Samuel Gompers withheld appointment of the special committee

For practical purposes the only result of a change would be to shift the committee originating the plan for combatting court rulings regarded by organized labor as infringing on its rights Delegates today continued discussion of the constitutional amendments which were brought before the convention yesterday by Senator Lafollette of Wisconsin After completing their work at the forenoon session the delegates planned to attend a barbecue staged on an island in the Miami river, 20 miles from this city

## LEADERS TO DECIDE ON PROCEDURE FOR BONUS AND TARIFF

WASHINGTON D C June 15—A call for a party conference of republican senators next Monday to decide upon procedure with the soldiers bonus and tariff bills was called late today by Senator Lodge of Massachusetts republican leader

WASHINGTON June 15—Plans for a conference of republican senators Saturday to decide upon procedure with the soldiers bonus and tariff bills were made today by leaders after conferences with President Harding had disclosed that he desired the tariff bill held before the senate

While these plans were being made Chairman McCumber of the finance committee in charge of the tariff and bonus bills announced that he intended to make a motion early next week to lay aside the tariff bill and proceed with the bonus measure in spite of the president's wishes and also regardless of what decision the republican party conference should reach

## TRAINING CAMPS OPEN FOR RESERVE OFFICERS

WASHINGTON June 15—Summer training camps were opened everywhere over the country today under army supervision for youths of the reserve officers training corps part of the machinery of the new defensive military policy set up in the national defense act of 1920

The corps now includes approximately 10 000 young men under training to become members of the officers reserve corps or officers of the national guard and of these it is estimated that 7 134 began today the summer work of intensive field training at the camps

The courses mapped out for the student officers covers the whole field of military science Particular attention is being devoted to the work by the war department as the R O T C is relied upon in future to produce annually enough new reserve officers to keep the reserve officers corps up to the strength necessary to fill in the officer framework of the organized work divisions of the army of the United States

## AFTER MAN CHARGED WITH THE KILLING OF ALBERT ROBINSON; THREATEN TO RETURN TONIGHT

FORT WORTH, June 15.—One hundred armed men from Oil City, ten miles south of Graham in the Bunger oil field, last night stormed the Young county jail at Graham in an effort to secure "Happy" Conlee, held on a charge of killing A. A. Robertson, 35, oil well driller, there early yesterday.

The mob was met at the door by John Saye, sheriff of Young county, his deputies and police officials sheriff Saye, in a short speech, told the mob the first man who attempted to enter the jail would be killed and that the prisoner would be protected at all hazards. Following his talk there was a series of conversations among members of the mob They remained in the vicinity for some time and dispersed about 1 o'clock this morning, leaving the threat behind they would again come for the prisoner tonight

The sheriff announced this morning that Conlee is still being held in the Young county jail and that he would not be moved to any other place "I do not expect the mob tonight, but if it comes Conlee will be defended by my department," he said

Conlee is alleged to have inflicted a fatal knife wound on Robertson shortly after a fire which did $100,-000 damage in Oil City early yesterday The sheriff's office has not been able to determine the cause of the trouble. Robertson is said to have been very popular with residents of the oil town.

Conlee is said to have been a "floater" who had been there but a short time.

#### DRILLER IS KILLED AT OIL CITY WEDNESDAY

GRAHAM TEXAS June 15—Albert Robinson victim of knife wounds alleged to have been inflicted at Oil City Wednesday morning by Happy' Conlee died shortly after reaching the hospital at this place Conlee was taken in charge by the sheriff and lodged in the Young county jail

Robinson was a well known driller, having been employed in the Young county fields for some time Conlee is said to be interested in a dance hall at Oil City.

The trouble, as near as has been ascertained, started following the fire at Oil City Robinson it is stated was standing in front of a burned building guarding some salvaged goods when two ladies engaged him in conversation At this time Conlee, accompanied by two women passed near and Robinson is said to have protested alleged objectionable language used by Conlee Conlee is alleged to have pulled a gun but put it up when Robinson suggested that they fight it out with their fists At this time a deputy sheriff arrived and disarmed Conlee who left but is alleged to have later returned when trouble resulted and Robinson was stabbed twice in the left side

The wounded man was immediately rushed to a hospital at Graham but the long journey and loss of blood rendered his condition such that he died within a short time after reaching the hospital

Robinson is a son of A A Robinson of Bakersfield Cal

FORT WORTH, June 15—"Bob Henry tells you the Ku Klux Klan is a great religious organization bringing more people into the Protestant churches than any other agency I tell you it is a cold-blooded financial and political organization, M M Crane of Dallas declared at a mass meeting of the Citizens League of Liberty in the Majestic theater Tuesday night

"Until the last few months nobody in Texas ever heard of my friend Bob in the role of an evangelist I say to you that when a man has so much religion that he hates the other man's religion, then he has none

"The political organization has slipped a cog in its eliminating machinery While the north Texas klans were endorsing Earle Mayfield for the senate, the south Texas klans were endorsing Bob Crane declared the first thing the klan seeks to do when it organizes is to obligate law-enforcing officials In Dallas they got the sheriff the constable, the district attorney, and others, but the district attorney has lately resigned from the organization, declaring it to be an impediment to justice The assistant chief of police also repudiated the order and we are going to elect him sheriff of Dallas county I am glad to say, so far as can be ascertained, the klan was unable to obligate any of the district judges in Dallas county"

**Time to Fight.**

Crane asserted the klan is a direct assault upon the integrity of the constitution and bill of rights and asserted 'It is time for every man to have the moral courage to come out in the open and fight this insidious organization

Crane was introduced by I W Stephens former justice of the court of civil appeals in Fort Worth, who denounced the klan

Judge Robert G Street of Galveston was correct in his ruling in the case of T H, Garner, sheriff of Jefferson county, that the klan oath disqualifies a man for that office, Judge F O McKinsey, district judge of the Weatherford district, declared 'I assert and will prove by the statutes, the penal code and the bill of rights, that no man can be a district judge, a justice of the peace, a police magistrate, or a mayor and respect the oath he took upon assuming either of these offices and become a member and subscribe to the oath of the Ku Klux Klan" McKinsey said

**Oath Is Read.**

McKinsey then read what purported to be the oath taken by a klansman, pointing out sections which he construed as being in contravention of the official oath of such officers He severely arraigned police and county officers, including district judges, in Tarrant county, for not having made any arrests 'in the numerous whipping cases in this county. This circumstance in itself is proof enough that no public official can remain faithful to his oath of office after having assumed the klan obligation" he charged

"I am not one of those lock-jawed judges who feel that because I hold a judicial position I cannot express my opinion and make a fight when the existence of my government is threatened," Judge McKinsey said. He then made a plea for religious tolerance and denounced secret participation in politics

**Klan List Read.**

He was introduced by Walter A. Nelson, who named several district judges in Texas, who, he said, had the courage of their convictions

W C Wichter read what purported to be a long list of klansmen who attended the meeting last Friday night in the First Baptist church Included in the list were police officials and county officers

He also read a list of candidates who, he said, had been endorsed by that meeting He asserted he would give the 'Fort Worth cyclops or any other Tarrant county klansman, $100 an hour for two hours to meet him in joint discussion on the klan issue."

## *STATE POLICE GUARD CONFESSED SLAYER OF MISS ALICE MALLETT*

LANSING, MICH, June 15—A squad of state police officers today continued to stand guard at the city jail where George Straub alleged confessed slayer of Miss Alice Mallett was held in safety last night as several score of Jackson men demanded the prisoner Local officers also were on duty in all streets to disperse crowds or prevent demonstrations

The band of Jackson men left that city by automobile late last night for Mason, where they believed Straub had been taken, but were informed en route that the prisoner was still at Lansing They came to this city knowing the man was strongly guarded and no attempt was made to rush the jail members of the band contenting themselves with a look at Straub, who was routed from a peaceful sleep and brought into a corridor

Harold Mallett, brother of Straub's alleged victim, led the visitors

The officials take little stock in a second confession Straub is said to have made in which he named Clarence Meadowlark a negro circus employe, as an accomplice Meadowlark also in custody is said to have proved an alibi

# Wife Sentences Her Husband to Term in Prison

CHICAGO, June 15.—Acting as judge and jury in Judge M. L. McKinley's court yesterday a wife sentenced her husband to nine months imprisonment.

With the fate of her husband Lee Hauser who had termed her "gold digger" and a "vamp" only a moment before, placed in her hands Mrs. Mildred Hauser decided his case by recommending he be sent to the house of correction.

The judge had previously offered to free the husband if Mrs. Hauser would vouch that he would pay back money obtained on checks, which, he pleaded, he had been forced to cash to buy the modish apparel which his wife demanded.

'He said he had money when he married you, but as soon as the money was gone you quit loving him,' remarked the court to Mrs Hauser

"Certainly" she replied "Where there's no money there's no love Put him in jail."

# Dundee Man Has Violin Brought to The U. S. in 1620

DUNDEE TEXAS, June 15—A W Maxwell who is the village blacksmith of Dundee, is the proud possessor of an old violin brought to America in the year of 1620 by Riley Maxwell who was a member of the John Smith colony and the direct ancestor of our Mr Maxwell The violin has been handed down through the Maxwell family as a relic, and is in excellent repair and gives out that rich, mellow tone which is so marked in all old violins

Mr Maxwell, in giving a brief history of the old violin, said 'When the John Smith colony broke up Riley Maxwell carried the violin to what is now the state of North Carolina, near the town of Ashville, where it was kept by the descendants of the Maxwell family until a few years ago when it was sent to Mr Maxwell at Dundee by a kinsman, W P. Maxwell, of near the old home in North Carolina There is no mark of value placed on the old violin as it is not for sale and Mr Maxwell expects to pass it on to the member of his family who becomes the rightful owner at his death

# PESSIMISTIC VIEW OVER TENDENCY OF POLITICAL THOUGHT

### VOICED BY SECRETARY WEEKS AT WESTERN RESERVE UNIVERSITY.

## SAYS DRIFT GRADUALLY WEAKENS GOVERNMENT

**Declares Country Has Run Riot in the Matter of Popular Elections.**

By Associated Press

CLEVELAND, June 15—A frankly pessimistic view of some predominant tendencies of American political thought was voiced today by Secretary of War Weeks at Western Reserve university commencement

The war secretary declared the drift of recent years was gradually weakening the governmental structure by undermining the constitution and sweeping away principles of party responsibility

The direct primary bloc' agitation and the country's readiness to accept constitutional amendments the speaker instanced as evidence that the government was heading away from its ancient safeguards and toward cumplete social democracy.

As one result, he asserted in the public mind 'the legislative branch of our national government probably never has been at lower ebb than it is today"

Of the 'bloc' movement in politics, Mr Weeks declared that when a party comes into power promising certain things and then finds that groups break away from party allegiance whenever their own interests seem directly involved "there is an end to responsibility by government"

In its attempt to improve upon the work of the fathers by amending the constitution the secretary said the country had failed signally"

He added that in the matter of popular elections we have run riot," and he suggested that much of the present unrest and uncertainty seemed centered in taxation and prohibition

By way of preface the secretary said his philosophizing applied to no particular party and that he spoke as a private citizen exercising his privilege of free speech

**Quotes From Wilson.**

Secretary Weeks quoted from what he described as a 'valuable book" on constitutional government written by former President Wilson, in which Mr Wilson says "a government must have organs it cannot act inorganically by masses It must have a law-making body it can no more make law through its voters than it can make law through its newspapers' The secretary continued

"We have recently passed through a great war and are experiencing the reconstruction period following it In the midst of comparative plenty, in the midst of reasonable and increasing prosperity we witness an even greater volume of unrest than even ordinarily obtains This is evidenced particularly in the criticism of public officials of the immediate past and present There is an almost universal condemnation of congress at this time and while I think there are reasons why congress may be criticized I am sure that much of the criticism laid at its door is unjustified

'But in any case in the public mind the legislative branch of our national government probably never has been at lower ebb than it is today It has almost become a habit to say disparging things about congress No credit is given for legislative actions which are wise and necessary and there is an almost universal demand that the president take control and lead in legislative matters One reason for this is taxation and resultant appropriations

"In its platform in 1920 the dominant party promised to reduce taxation In some respects it has failed to do so not because of any large number of republican senators and congressmen did not wish to carry out the pledges of their party but because of a combination of a part of the majority devoted to a special interest with the minority in congress and an insistence on their part that income taxes generally speaking, should not be reduced

'Then there is the constitutional amendment relating to prohibition Whatever may be the individual views of citizens on prohibition there is no question about the disquietude resulting from the adoption of this amendment and the laws for its enforcement Taxation and prohibition have affected the individual pocketbook of the voter and his personal rights and privileges, as he views them and the natural result is criticism and dissatisfaction with the government. I do not comment on the *ultimate wisdom of the prohibition* amendment, but it is indicative of one very palpable fact an abrupt change in a matter affecting so many citizens cannot be made without creating violent opposition and resulting in much criticism of the government"

## FEDERAL RESERVE BANK WANTS TO REDUCE RATE

## *DECLARE AMENDMENT TO ANTI-GAMBLING BILL IS UNCONSTITUTIONAL*

BATON ROUGE LA June 15—The legislative bureau of the Louisiana general assembly has declared unconstitutional an amendment adopted by the house last Monday night to the Butler anti-gambling bill which would require that the measure be submitted to the voters of each parish where horse racing is conducted before it could be put into effect The Butler bill would prohibit betting on horse races at licensed tracks throughout the state It has already passed the senate

While the functions of the legislative bureau are advisors only, the report declaring the amendment null and void is expected to have an important effect in the house, where it will be presented today

# PEKING IS WAITING INFORMATION FROM SCENES OF BATTLE

By Associated Press

PEKING June 15—Peking today awaited word from the fighting areas in both north and south China to see what new turn would be taken by difficult circumstances surrounding the new administration of Li Yuan Hung

In the north Chang Tso Lin whose aspirations for an independent Manchuria with himself as its lord have caused him to resume armed attacks on the central China forces under General Wu Pei Fu is reported defeated again

What is developing in the south were at last reports the force of Dr Sun Yat Sen head of the Canton government, were driving northward at a great rate, is obscured Wealthy Chinese were said to be fleeing from Nanchang, capital of Kiangsi province

An Amoy dispatch tells of efforts Sun Yat Sen is making to effect a reconciliation with Chen Chiung Ming powerful general, who recently became estranged from him and is credited now with caring less for Sun's success than for peace in China So far no word as to the success of these efforts has come

# Spirits Guided Construction of Railroad Lines

NEW YORK June 15—That every mile of the 3000 miles of railroads he has built has been constructed by following the advice of spirits and that he changed the direction of the Kansas City Southern and built his terminal at Port Arthur, Texas, rather than Galveston, which the spirits warned him to avoid because of coming disaster there is the assertion of Arthur E Stillwell who says he has been president of many railroads and was president for seven years of the National Surety company Making his revelations last night at a meeting of spiritualists he said that he had not revealed his relations with the spirit world because he did not 'want people to think him a nut"

"I have built more than 3000 miles of railroad,' he said, 'and every part of the route was determined by spirits who came to me in my dreams and told me what to do

'When I was building the Kansas City Southern I was warned by spirits not to build the terminal at Galveston because it would lead to disaster They told me to terminate it at Lake Sabine, where I built the terminal of Port Arthur Four days after the terminal was completed the tidal wave wiped out Galveston"

Dreams showed him Stillwell said, an accurate map of the country around Lake Sabine and Port Arthur, Texas, although he had never seen it He found the country like what his dreams had shown him For years, Stillwell said, he told only his wife and a few intimate friends of his dreams He prospered and "brownies" and spirit voices Then during the war his vision was enlarged and many books, novels and play were dictated to them

'I was sometimes told of battles' Stillwell said, "days before the public was aware of them In June 1918, I was told when peace would be concluded'

Mr Stillwell said he received three messages from Mrs Mary Baker Eddy founder of Christian Science in October 1920, which she asked him to pass along to members of her church In them she urged peace in the affairs of the church Mrs Eddy told him Mr Stillwell said, that he was selected because he was a "neutral,' not a member of the Christian Science church She told him that revelations by dreams were according to Bible history but that most people feared to tell their dreams because of ridicule If people would heed revelations and make them known peace and redemption would come to the world, the message said

Stillwell wrote several books against war

**MOVES IN RESPONSE TO VOICE OF THE SPIRITS**

KANSAS CITY, June 15—Arthur E Stillwell promoter railroad builder and former president both of the Kansas City Southern and the Kansas City Mexico and Orient railroads came to Kansas City in 1888 from Chicago in response to a spirit voice, according to a statement made to friends two years ago

One night as he lay in bed Mr Stillwell said the voice said to him "Go west, go to Kansas City the city of bluffs There your life will meet with a larger and fuller measure of success'

Stillwell abandoned a successful insurance business and followed the advice He was responsible for the building of a belt railway here for the two railways mentioned and was head of two trust companies

Not until 1930 when his active railroad connections had been terminated did Mr Stillwell make public his belief in spirit voices He referred to the unseen beings which he said counselled him in business matters and personal affairs as his brownies

From childhood' Mr Stillwell said I have in my dreams been in control of those who have passed on I did not attempt to analyze the magnitude of the phenomenon I simply accepted the advice given

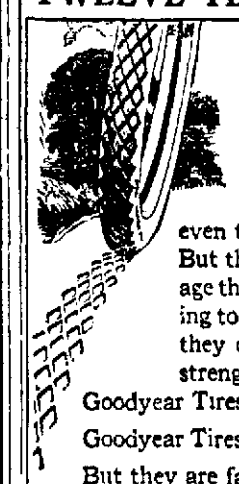
TWELVE YEARS AGO AND NOW



If you were a user of automobile tires twelve years ago, you know how true these things are.

Goodyear Tires, you will remember, were good tires even then.

But they gave hardly half the mileage that Goodyear users are reporting to us today. Good as they were, they could not compare in size or strength or lasting qualities with Goodyear Tires now.

Goodyear Tires were low priced then.

But they are far lower priced now.

They sell today at prices that represent an average decrease of more than 60% from the level of 1910.

The proof of better quality in Goodyear Tires today is furnished by the finer and abler performance of Goodyear Tires all over the world.

Your Goodyear Service Station Dealer here in Wichita Falls now offers you the utmost in Goodyear Tire value at the lowest Goodyear prices ever listed. See him today.

**Operation Avoided by taking Lydia E. Pinkham's Vegetable Compound**

Dayton, Ohio —"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keepsaying. Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much ' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache.

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in I am ready to do anything I can to help your medicine."—Mrs. HENRIETTA MILLER, 137 Sprague St., Dayton, Ohio.

Mrs Fred Robinson of Waco prominent clubwoman of the state as well as writer, is the guest of Mrs Wylie Robertson during her attendance at the convention meetings and is enjoying the renewal of her acquaintance with an old college chum very much Mrs Robinson who was Miss Laura Meredith and Mrs Robertson then Miss Virginia Young, entered Sam Houston normal the same year and were roommates Miss Meredith, however married at the close of her first year Mr Robinson is present editor and manager of the Waco Times-Herald Mrs Robinson, added to other things is state treasurer of both the T W P A and the Texas Federation of Women s Clubs

* *

Miss Alice Ballard an attractive young member of the journalistic profession who is attending the convention from Beeville is recording secretary of the association Miss Ballard helps edit and issue the Beeville Bee

* *

Are the women s press delegates really connected with newspapers" is a question which has been frequently heard since the gathering of interesting looking women visitors arrived Wednesday Well they are not all connected with newspapers in the capacity of active local workers but they are earning money by means of their journalistic work Some of them are magazine and such periodical contributors several are poets who really sell their stuff, and others are correspondents and special writers Mrs J M F Gill wife of Dr J M F Gill of Burkburnett is a good example of a woman journalist who makes it pay Mrs Gill has had her monthly check total run into three figures several times as correspondent for several Texas newspapers and while she has recently turned her attention to other literary work is still making the correspondence work pay Mrs Gill has the photoplay bee in her bonnet now and the chances are she will do something beside listen to it buzz

## OUR FIRST YEAR

**CHAPTER LXIII—JESSE LANGDON SNUBS ME BUT I TURN THE TABLES.**

By a Bride

Before I was married, I never imagined there would be storms in our first year or any other for that matter But the lightning flashed below my horizon for most of our trip and I was glad to get home again

Lonny spent much time with me after our return Her immediate interest was the management of a morning bridge party I was getting up for Jessie Langdon and other wives of men in the office

Bonny said she came to help but I felt sure she stayed to hear me talk about Bart They had agreed not to be engaged she said she had urged an elopement, but Bart simply wouldn t

Of course her heart was almost broken She had found true love so completely satisfying After Bart as she had long ago hinted to me she never could listen to any other man making love. When her father came home maybe he could manage Bart Her daddy could manage anybody

Jack didn t approve of my morning bridge I found that out too late after I had invited my guests Jack said we simply couldn't afford to keep up with the office crowd

That speech proved to me Jack was pretty melancholy In fact he came home a little bluer each night —a little quieter Not even chess amused him

I didn't tell him that Jessie Langdon after accepting my invitation had decided to leave at once for the mountains And after she withdrew, all the others were unable to accept

To Jack, it would look only like a tempest in a teapot but to me these cards of regret had a deep significance I knew Jack was tremendously popular with the men at the office And such being the case it appeared I had failed to make a hit with the wives

'Goodness' Isn t Jessie Langdon the little snob murmured our frank Lonny when I spread the cards of regret before her She could have come—I'll bet you my crystal cigarette case—you know Bart wont let me smoke'

Say Peg' I see a way out I'll *fix Jessie for once* You know Florence Carter is coming to visit me next month' I'll wire her to come now Everybody will be crazy to say they've met her So you'll invite her —as my guest And watch Jessie Langdon turn green

Florence Carter was a senator s daughter so I asked quite a crowd

And Jessie Langdon and the rest of the office wives who followed her lead were furious because they hadn't met the senator s daughter And they blamed me—Mary Smith told me'

### ADVENTURES OF THE TWINS

## PEERABOUT LEARNS WHO IS MONKEYING WITH MOON

By OLIVE ROBERTS BARTON

Nancy and Nick went to Cob Coon's tree and telephoned.

There was magic about—not a doubt of it Chris Crow said so Mr Peerabout the Man-in the Moon had fixed everything for a nice clear moonlight night

But Chris didn t want it He wanted to dig up the sprouted grains out of Farmer Smith s cornfield with his long sharp beak And he didn t want the Scare Crow to see him He told Nancy and Nick moonlight was a nuisance

He said his friend Comet Legs would fix things up for him

Now Comet Legs was a wicked fairy jealous of the Man in the Moon and did all he could to spoil things Nancy and Nick were on the lookout for this fellow

Suddenly the moon got dim—oh awfully so and looked as washed out as a faded button Chris Crow was as happy as a clown

Nancy and Nick went to Cob Coon s tree and telephoned to Mr Peerabout what had happened

All right answered the Moon Man I'll go to my handle house and see who has been fooling with the handles

So *off* he trudged through the Golden Forest He had pulled out the handle marked full moon nice and clear ' and fastened it so it would stay

But what did he see? The full moon handle pushed back to place and a handle marked 'dim moon *pale and misty* ' pulled out instead

My goodness cried Mr Peerabout mopping his forehead Who do you s pose Then suddenly he saw a shadowy figure shoot away The figure had bow legs

So that s it nodded old Peerabout wisely

## A THOUGHT FOR TODAY

Open his eyes, that he may see—2 Kings 7:6.

Nine things to sight required are
The power to see the light, the visible thing,
Being not too small, too thin, too nigh, too far,
Space clear and time, the form distinct to bring

—Sir John Davies

### BURYING MISTAKES.

Picture a funeral passing your house with 38,000 hearses, each hearse containing an American business firm

That gives you an accurate idea of the number of business failures since prices began to tumble in May, 1920.

But all is not gloom

Standing thoughtfully on the curbstones, watching their deceased brethren going to Dun & Bradstreet's cemetery, are nearly 2,000 000 business organizations that have weathered the storm without sinking

In two years of very severe depression, only one business in each 53 has failed

In a flash this illustrates the great underlying strength of our business organization, the Gilbraltar that cannot be toppled by any storm.

As usual, of course, attention centers on the ships that sink Ships that weather the storm are ignored Thus the financial ocean, like the Seven Seas, gets a worse reputation than it really deserves

In May, only 1569 failures. Many will snort and wonder why the "only"

If they turn back four months, they find 2723 failures in January

Steadily the storm subsides Observing this, young blood desires to put to sea—to try its hand So, in May, 954 new companies were incorporated in the principal states, with capital of $100 000 or more apiece. Thousands of smaller ones also ventured forth They are the rowboats

How much did they fail for? That is the important question Failures, during the depression that now is nearing its end have had total liabilities or debts at a rate of about $600 000,000 a year

Assets have averaged enough to pay about 50 cents on $1 00

The total or net less, due to failures, has been running around $300,000,000 a year—or about $3 a year for each American That after all, is not such a big price to pay for getting out of the woods

It has been nearly two weeks since Tom Watson of Georgia has threatened to lick some fellow senator. It must be dull, indeed, in Washington

### SENATOR BORAH ATTACKS THE DYER ANTI-LYNCHING BILL.

The Dyer antilynching bill which got through the house with a considerable majority isn't going to have such easy sailing in the senate Indeed, it appears very doubtful whether the bill can get through the body A number of influential republican senators together with the entire democratic membership are opposing the measure on the ground that it is contrary to the constitution and seriously disturbs the distribution of powers delegated the states and to the federal government in that instrument

Among republicans opposing the measure is Senator Borah. He is opposing the measure with his accustomed vigor and logic

"Shall the national government be authorized to take over the police power of the state in whole, or in part?" he asked "There is no dodging the question. If the people of this nation want to redistribute the powers of the government, lets face the question through a constitutional amendment and put an end to this constant pressure on congressmen to disregard their oaths and the equally persistent pressure on the supreme court to give us a court made constitution

"Year after year congress is lashed into passing laws which are manifestly unconstitutional, and it has come to be a settled principle apparently that the congress should disregard the constitution and leave the supreme court alone to protect it To my mind, such a rule is so utterly shameless, so utterly intolerable, that it is startling that it should be urged even spasmodically"

### TURKISH ATROCITIES WILL STOP WHEN HUMAN SUPPLY RUNS OUT.

Thirteen hundred Christian men and women are reported to have been driven out of a town on the Black Sea by Turkish soldiers and massacreed

Such massacres are going on while the governments of the United States Great Britain and others are differing among themselves as to the scope of a commission to investigate Turkish atrocities Our own diffident government appears to want to limit the scope of the commission to investigation and the publication of the facts ascertained

Massacres of Christians by the Turks have been going on for many years They have been directed chiefly against the Armenians and the Greeks The Armenian population, which was friendly to the allied cause in the world war has been practically wiped out. The massacres and outrages against this people will stop within a few years because the Turks will have exhausted the supply of human material on which they wreak their passion and vengeance

The allied governments were under every moral obligation to give protection to the Armenians. They failed to do so. And now the most this country wants to do is to appoint a commission to make an investigation and to publish the facts

### MANY CANDIDATES ON STATE BALLOT.

While there appears to be some lack of interest on the part of the voters in the candidates for nomination on the state ticket, from the number of names on the ticket there appears to be a very likely interest on the part of the candidates themselves

The ballot this year will be long, and looking at it from a newspaper viewpoint, will require considerable time to count and to report The following is the official list of candidates for state office:

United States Senator C A Culberson, Dallas county, Earle B Mayfield, Bosque county, Cullen F Thomas, Dallas county, James E Ferguson, Bell county, Mariam A Ferguson, Bell county, Clarence Ousley, Tarrant county, Robert Lee Henry, McLennan county, Sterling P Strong, Dallas county

Congressman at Large E W Cole, Travis county

Chief Justice, Supreme Court C M Cureton, Bosque county

Associate Justice, Supreme Court Thomas B Greenwood, Anderson county

Judge Court of Criminal Appeals (full term): W C Morrow, Hill county; A J Harper, El Paso county

Judge Court of Criminal Appeals (unexpired term): F. L Hawkins, Ellis county

Governor. Pat M Neff, McLennan county, W W King, Sabine county, Fred S Rogers, Fannin county, Harry T Warner, Lamar county

Lieutenant Governor T W Davidson, Harrison county; Joe E. Edmondson, Anderson county; Andrew S Jamison, Tarrant county, W A Johnson, Hall county, Colonel Billie Mayfield Jr, Harris county

Attorney General W A Keeling Travis county

Railroad Commissioner Allison Mayfield, Grayson county, J C Mason, Taylor county

Comptroller Lon A. Smith, Rusk county, William M Woodall, Nolan county

State Treasurer C V Terrell, Wise county, A H. Kerr, Tarrant county, L E Tennison, Bosque county, George G Garrett, Dallas county, W D Carroll, Comanche county, Ed A Christian, Bexar county, Lee Kirgan, Freestone county

Commissioner of the General Land Office J C Thompson, Foard county, J T Robison Morris county

Superintendent of Public Instruction Ed R Bentley, Hidalgo county; S. M N Marrs, Travis county, Jefferson G Smith, Upton county

Commissioner of Agriculture George B Terrell, Cherokee county

## TODAY'S TALK

By GEORGE MATTHEW ADAMS

### WHISTLE!

The fellow who knows how to whistle—and whistles—is a benefactor to mankind Whistle Just pucker up your lips—and whistle Any tune will do, or no tune at all Just whistle

Whistle the poison out of your soul Whistle the anger and bitterness from your heart Whistle hope Whistle cheer Whistle ideals about you

Whistle

Did you ever hear an unhappy man whistle? Did you ever hear an angry man whistle? Did you ever hear a discouraged man whistle? You never did, because unhappiness and anger and discouragement and all other unpleasant and ugly things blow right out with the first breath of a genuine whistle

So be game, and whistle.

When you feel failure in your bones—whistle At the moment you start to scold—whistle Before you begin to burden anyone with your troubles—whistle Keep your whistle moist and ready all the while

Whistle—for whistling is contagious As soon as your whistle starts, the other fellow's is apt to begin Whistle with your lips and whistle with your heart Whistle out, and whistle up But whistle, whistle, whistle for whistling makes the difficult things easier, and the big things possible, it makes folks happier and the world run smoother—

Whistle! —.

## JUST FOLKS

—By— Edgar A. Guest

### HERE ON THE EARTH.

Here is where the blows are struck
Here is where the wrong is done
Here are toilers in the muck;
Here beneath the shining sun
Pain and hurt and sin abide,
Here is where our souls are tried

What's beyond I cannot say,
Save my faith that all is well,
There the wrongs are cast away,
There in peace the angels dwell
But this life on earth and sea
Holds so much that need not be

I would not remain afar
Thinking only of my soul,
Here where hungry children are,
Here where hatred mars the scroll,
Thought and time and strength I give
Bettering this life we live

Not tomorrow, but today,
I would serve another need,
I would smooth another's way
Bind the cruel wounds that bleed,
Death will soothe the weary brow,
But my hand would smooth it now

Life has need of kindly men,
Just courageous true and brave
But that need is ended when
Comes the sexton to the grave;
Let me, then, my duty face
Making earth a happier place.

Let me serve the living here
Not the dead across the bar,
Let me carry hope and cheer
Where the sad and hopeless are,
Angels wait upon the dead,
Let me smooth the path men tread.

All rite Im all reddy for the big show, pop sed and Gladdis sed, You are nothing of the kind all reddy the idea dont you realize you haff to put on your evening clothes

The dooce I do sed pop and ma sed Certeny you do, the idea

Do you meen to tell me that fellow Parkins is coming erround heer laid out in a full dress suit? pop sed and Gladdis sed Absolootly Mr Parkins can allways be trusted to know the rite thing to wear at the right time

Youd look fine in a plain bizniss suit with Mr Parkins all dressed up like a gentleman the idea ma sed and pop sed All rite I see firing I serrender And rite after suppir he went up to put on his full dress suit and right after he went up he called out of his room Wares my perl studs somebodys taken my perl studs I hate this stiff shert enyway why should I suffer like this and enyway my perl studs are gone

I bet I can lay my hands rite on them the very ferst thing sed ma With she went in and did pop saying Well of corse if you delibritly hide them its no wonder youre the ony one can find them and ma sed Youve had those studs 9 yeers and theyve never bin in eny other place And she started to tie pops tie pop keeping on saying she was choking him and ma keeping on saying she wasent, and jest then the bell rang and it was Mr Perkins in his regular clothes and yello shoes Gladdis coming up all excited and saying to pop Father maybe you better not wear your evening clothes after all it mite make Mr Parkins look too conspickuous

Not to speek of how it would make me look sed pop mad And he quick put on his ordinary clothes and they all went

## Drinking Water

By DR R H BISHOP

Every summer finds more people going camping or automobiling for their vacations

Careful preparation usually is made in advance for these excursions The right clothing cooking utensils and food are provided but very often no thought is given to the water supply It generally is felt that water can be secured anywhere

With the ever increasing number of campers fishermen and hunters there is a corresponding risk of the pollution of streams and ponds Even springs may be polluted by careless and thoughtless campers

Water may look and taste good and yet contain typhoid germs One well in New York last year caused more than 60 cases some in widely different localities The water tested good but a big rain washed pollution from some shacks into it Automobilists and others drank it and fell ill

So try to get water from springs quite distant from dwellings and camps When in the least doubt boil the water for five minutes place it in a jug well stoppered in a cold stream to cool carry it with you and use no other

When you find a really safe spring take good care to keep it clean not only for your own use but for the sake of others Instead of dipping a bucket or other vessel into it collect the water at the outflow even if a pipe or trough has to be constructed

## Texas Viewpoints

McKinney Examiner The Houston Farm and Land Bank is making a splendid record According to Mark L Goodwin staff correspondent of the Dallas News at Washington the Houston bank is making loans to farmers at the rate of $2-000,000 a month and is in position to continue loaning to farmers in the state of Texas in liberal amounts Judge M H Gossett is president of the bank He issued the following statement through the News to the public 'The Texas bank has closed loans since its organization five years ago in excess of $58 000 000 to 20 000 farmers and ranchmen said Mr Gossett who has been here in conference with the farm loan board 'with a consequent saving to these borrowers of $2 000 000 per annum in interest rates alone Notwithstanding these loans do not mature for thirty-three years at which time the low amortization payments operate to pay the debt yet borrowers have taken advantage of the option to repay these loans before maturity in excess of $1 500 000 Another feature in which the officers of the federal land bank of Houston feel some pride is the fact that notwithstanding the period of financial depressions there is delinquent only approximately 1 per cent of the semi-annual maturities and this is growing less rather than more The Houston bank has its first foreclosure yet to make This is proof that Texas farmers appreciate the great value to them of the system and purpose to sustain it'

## YOU AND I

By ALBERT APPLE

### SPIRITUALISM.

Flammarion celebrated French scientist is convinced that the human soul survives after the body dies—as 9 out of 10 people already believed without any scientific investigation

Flammarion's excitement will remind good church goers of a boy rushing about announcing that there's a moon

The important thing is that Flammarion's sure evidence was accumulated during 30 years of research in psychic phenomena

Spiritualism is bridging the gap that has existed for centuries between science and religion Eventually the two will be in the same camp

### MONEY.

Stocks of the various Standard Oil companies have advanced in market value more than a billion dollars since early in the year

Yet there has been practically no change in the actual physical property back of the companies Same old pipe lines same old refineries same old relation of assets to liabilities

The billion-dollar advance is merely a reflection of increased confidence in general business outlook especially for the oil industry

Confidence is our greatest national wealth For confidence is courage the generator of prosperity

### RECORD.

All telegraphic records are broken when Edmond Harriman of Tucumcari N M receives 2 9 words spelled out in two minutes and 43 seconds This happens at a convention of knights of the key

Twenty years ago it would have created a national sensation To day it gets only brief mention in the newspapers being smothered by news about the new marvel radio

All marvels are comparatively short lived, in our generation

### MOVIES.

You repeatedly hear some one who has just seen a good German made movie say They certainly turn out swell films over there

German movies admittedly ring the bell occasionally But of the super productions offered by Germany only one out of 100 is accepted for American production

Most of us jump at conclusions having a weakness for generalizing Seeing one good German movie we reason they all must be good Reading of a few murders we decide it's a bad world forgetting that prominence comes only to exceptions

Most conclusions are based on minority evidence

### HEALTH

Sawyer physician to President Harding predicts that future doctors will be paid for keeping people well rather than for caring for them when they are sick

That is the Chinese system Over there the doctor is paid so much a day as long as the patient is well On days when the patient is sick Doc gets no pay which gives Doc an incentive to do his work thoroughly and not overlook any bets

It wouldn't work in our country where people usually stay away from the doctor until they are afraid of making the undertaker's acquaintance We cure the Chinese present

"Where is Ruth" he asked quickly

"She went out with Glenn and Vira She left a note for you Guy marked Mr Garrick Personal Hello? Wait I'll open it then Here You told me never to do anything again without letting you know I've gone to the Sea Vamp to destroy the engine so they can't move it away until tomorrow Ruth

But the Sea Vamp has gone

Nita Walden screamed her intuition

Ruth has been carried off on the Sea Vamp'

CHAPTER X
BROADCASTING

My Ruth—carried off—on the Sea Vamp

Nita Walden repeated her words hysterically over the telephone Garrick knew that there was no use now to camouflage his fears

I'll be out there—with you—in a few minutes' he shouted

Dick was still in a daze at the unexpectedness of the blow Mechanically he followed Garrick and climbed into the car As it started and turned down the road to Nonowantuc, the cool of the damp evening air seemed to collect his faculties He noticed for the first time where they were headed

"Why this way Guy? Why not to New York?"

"I want to see Nita Walden first and reassure her I promised her'

But—it's Ruth first

Well, the Club isn't far

Yes—but the city—the police——

Wait Dick I know what I am doing

Nita Walden was overwhelmed by her daughter's peril Ruth's other escapades were nothing compared to this Up and down the room she paced choking back her sobs waiting for Garrick's arrival Some moments she would stand before Ruth's picture wondering what was happening to her Other moments she would try to calm herself and relax in an easy chair in a vain effort to concentrate on Ruth as if that might bring her back

She was frantic when Garrick arrived

If it's ransom they want * * * I'll pay a million

Pay a million? Pay nothing Yes * * * a million to catch them and save her * * * but not a cent of ransom

The room telephone rang Dick answered it

It's Glenn downstairs with Dr Darling of Stony Brook' Dick said no more but Garrick understood and excused himself

At the desk stood the doctor alone I've got him out in my car I thought he'd better see you first—or he did rather

What's the matter?

The doctor did not answer but led the way outside and a few feet down the driveway

There was Glenn wrapped in a heavy robe his head bandaged still very shaky

Garrick he cried Did you hear yet? Someone's carried off Ruth and Vira in the Sea Vamp When the doctor got hold of me he patched me up I told him he was for ringing up the sheriff but I made him wait until I could see you

In the rapid fire of questions it appeared that Ruth had been getting more and more anxious to do something Vira had confessed to her that she had seen Garrick and when Glenn arrived he told of his meeting on Main street and Garrick's message

They had agreed that the first thing to be done was to fix it so that the Sea Vamp could not be moved away and Ruth had insisted that she be driven over that evening so she could disable the engines and make it impossible They had agreed

But why?' asked Dick

Why? Don't you get it? The Sea Vamp was really the floating storehouse for a lot of wet goods we were dealing in for Georges and the rest That was Brock's real job

I see encouraged Garrick And Ruth thought they might move the boat away So she started to prevent that—and left me the note about it'

Yes nodded Glenn adjusting the bandage more comfortably Well when we got over there it was dark There wasn't even the light on the boat Ruth figured that Brock and everybody were away and it was a good time to do what she wanted We got a canoe and paddled out There wasn't a sound We climbed aboard and went down the little engine room It was beastly dark I was fumbling about for the switch—the next thing I knew I heard a scream from Vira—then something or somebody must have hit me he put his hand up carefully but did not touch the bandage back of his ear and that's the last thing I knew until I came to in the water half full of the harbor Must have knocked me cold and overboard I managed to get to the other shore and some people in the bungalow got the Doc'

'Who was it? asked Dick More than one?

I don't know But I think so I had a vague feeling there were a couple at least back of me

Dick stared at Garrick Vira gone too Georges Brock Jack Curtis Rae He uttered the names suspiciously Was it in reality a final adventure in the double triangle of Ruth himself and Jack Vira Rae and Glenn?

So Dick mumbled sarcastically with a side glance at Garrick Ruth knew very well what she was doing eh?'

Garrick was too big to take offense Dick he replied merely Ruth confided in me that morning at the Leonia She's really clever You know it as well as I do But they had her—they had them all meshed hooked Why Dick all the time she has meant just to lead them on—and hand them over, when she got them right But she couldn't tell Glenn here that Nor Vira Not yet' He glanced up at his own car If she had only stuck to her promise—to let me know—first But Ruth is so clever she thinks she's a match for anyone And mostly she is' Wait She'll prove it

It was cold comfort to Dick Well now what good is it to be here? If we had only gone to the city we could have alarmed the police there'

Garrick smiled patiently You forget the Radio Central at Rock Ledge and the telephone I've got all that there I can call up and get the police of the country here by telephone Besides from Rock Ledge I can alarm the police of the world Every ship every amateur station on any wave length—the wireless world is open to me here

That's it cried Glenn Let me go with you

No Doctor put him up where he can get over this quick. I'll need you, boy tomorrow need you badly Get in shape

Glenn obeyed with for him good grace and in a moment with the full story Garrick and Dick were speeding to Rock Ledge Broadcasting by the police—for stolen cars—missing people—all sorts of crimes—is getting to be a greater success every day" cried Garrick trying to pump enthusiasm into the crushed Dick and with success

Guy I'm a dud In my own line too Never thought of the Rock Ledge broadcasting station Of course XYXZ can do it'

There were no formalities necessary at the Radio Central for a combination like Garrick and Dick who was a constant frequenter of the place

They soon found themselves in a small room quite plain except for the draperies that were artistically arranged to hide the bare walls There were a few plants and flowers about also At one end stood a beautiful piano of the reproducing variety Some of the best known artists had in reality played on it, all had played on it through the perforated paper rolls There were phonographs of all the standard well-known makes and on the other side an automatic organ

A small table with a silk shaded lamp added a touch of hominess and there were a few not many deep easy chairs

But the most important piece of furniture which interested Garrick more than anything else as the attendant conducted them in was the cabinet containing little lamps and plenty of switches and wiring, comprising what is known as the modulating equipment It was a wooden framework covered with copper screening to prevent the delicate apparatus from being disturbed by electrical and magnetic influences within the room itself Various conductors connecting up the cabinet and the transmitter were sheathed in beautiful bright and neat woven copper sleeves or tubes for the same reason

There's the little transmitter mounted on that portable stand pointed out Dick The radiophone transmitter proper is located in a little room under the roof overhead There are a couple of operators for it contains all the elements of actual transmission When this studio is to broadcast it is connected by this switch here with the radio station upstairs Here's a wire telephone to it too

Garrick hardly needed to be told He had seen it one before the radio telephone transmitter which consisted of a cabinet closed in by iron grill work to prevent damage to the delicate vacuum tubes five of them for the normal operation At the extreme end of a long operating desk or table was the transmitter On the table were ordinary telephone instruments radio apparatus a receiving set with amplifiers telephone head sets and a loud speaking device by which the operators could hear the speech or music rendered downstairs only here actuated by the long distance receiving set

"Now here's the phonetron—the dish basin some people call it pointed out the attendant who had been looking at his watch and a schedule to determine when would be the best time to broadcast the alarm Garrick had impressed on his mind

Garrick looked curiously at the little hole in a cylinder dangling from an adjustable stand in front of him

Is it about the right height? You prefer to stand? All right How's that? Now don't forget—talk directly into that little hole—good and loud Keep up your voice About three inches away from the transmitter There Now wait until I tell you

The minutes seemed eternity to Dick Would it never be possible for Garrick to soar on wings of wireless to the succor of Ruth and Vira?

All set? The attendant called Let's go

Ruth Walden and Vira Gerard of Nonowantuc Long Island were kidnaped in a house boat the Sea Vamp' from Duck Harbor Long Island tonight about 8 o clock'

The attendant nodded to Garrick that in his opinion he was no novice in handling the affair

Slowly and distinctly Garrick launched into a brief description of the house boat and followed with a detailed description of Ruth and Vira and his own suspicion that the "Sea Vamp' was now somewhere in the Sound probably on its way east

Garrick finished There was a silence He looked about stupidly Not that he could have expected anything else than silence Yet it was a weird uncanny He had spoken to a mute and invisible audience Was it one a hundred a thousand a hundred thousand? No one could do other than guess

Always the radio is a temperamental thing that is if you can say inanimate things are temperamental there's a natural depravity about it But I think conditions are fine just now'

Garrick turned It was Professor Varlo who had just heard he was there and had hurried into the building at the news It has worked best when nobody was around to appreciate it and not so good when it's on parade The radiophone with its delicate tubes and controls sometimes lies down on the job at the wrong moment But we don't have much of that trouble here

Hasty inquiries and a promise to put the whole of the Rock Ledge equipment at their disposal followed

'Now Dick' exclaimed Garrick energetically, outside, 'I've got that first call off Now you can have your way To the city

As they whirled down the splendid road Garrick could not get out of his mind the similar impression he had between broadcasting and a picture studio I suppose in one case it's one-sided pantomine, in the other one-sided dialogue Anyhow, the same motto applies to both Get it across" It's a new art not much more than a year old is it Dick? An old story to you but full of interest to me as a detective Broadcasting as a business will settle down I suppose This Radio Central service is really a public service Just now it's like the talking machine companies selling you an instrument and giving away the records

A surprise awaited them as they drew up at Glenn's garage guarded by the Astra agency men

Glad you came sir exclaimed the agency manager himself I've got three men here now

'Three men' queried Garrick. Why is that?

The manager for answer took him inside and closed the door In the corner was a well dressed expensively dressed man with a Greek cast of countenance handcuffed

This man—his name he says is Achilleo—came in here early tonight and claimed this stuff said he had a bill of sale or something for it and wanted to arrange for a truck to take it out

'I know cautioned Garrick looking at the handcuffs on the restless prisoner But isn't this a bit high-handed?

The Astra manager smiled knowingly With contraband sir like this—stolen goods? He's an accessory after the fact—maybe—at least a receiver of stolen goods

The prisoner seemed to regard Garrick as a savior He showed signs of loosening up on his surly reticence

You see sir I buy the Inner Circle—understand?—for fifty thousand dollars? If I get it the goods understand? He turned aside and opened his coat for Garrick alone In his inside pocket was a long envelope with fifty one-thousand dollar bills I make payment when I get all stuff, here to understand?'

Garrick did understand It was a matter of making a quick sell out and getaway Where's your bill of sale or whatever it is you have for this?

Achilleo pulled out a paper It was signed by Georges and Rae Lerue as agents in fact Let the buyer beware laughed Garrick as he returned it Now I understand that the money is to pass tonight at the Inner Circle when this is signed?' The man nodded and grinned with perfect leeries Then if you want to get free in this little illegal transaction Mr Achilleo and have that fifty thousand yourself instead of leaving it in court as cash bail take me to the Inner Circle and get the goods

The thought of the hard earned cash settled Achilleo The man and the girl are now there he reported as he left the telephone with handcuffs slipped

Garrick's raid of the Inner Circle was a noiseless if not painless, affair But it was only fifty per cent successful The net closed on Georges Rae Larue was nowhere about

Georges shut up like a clam It was more than evident however that he was not the man at the top

Thoroughly they searched, but there was not a trace of Ruth or the others

So—the cellar is on the roof' laughed Garrick as they uncovered the little concrete room they had seen when they installed the dictagraph aerial Here's a small fortune alone in these cases When I poked my head out through the scuttle Dick I also saw your aerial all snarled up and tangled wrecked

Dick did not appear to be interested Maybe they had a secret exit over the roofs in case of a raid Anyway Rae got away Someone's out fifty thousand in the clean up'

This eliminates Georges considered Garrick except of course as an understrapper

Brock—Curtis' repeated Dick mechanically, setting his teeth as the names suggested Vira and Ruth

Garrick shook his head absently

All the wild horses in Hades would not get a word out of Georges now' he observed Thank the Lord Dick, you're an expert at it our only hope lies in wireless—in some form or other

# MINNESOTA WILL NAME CANDIDATES PRIMARY JUNE 19

### CAMPAIGN HAS BEEN ONE OF THE MILDEST IN RECENT YEARS.

## NUMBER OF NAMES OF WOMEN ON THE BALLOT

### Three Parties Have Filed Candidates For Various Offices to Be Filed.

ST PAUL MINN Jun 1 — Minnesota s electorate will nominate party candidates for congressional and state offices in the state-wide primary election June 19 after one of the mildest campaigns in recent years

While interest in the primary was materially lessened by the workings of the new party convention law under which state conventions of each of the major parties endorsed candidates for the various offices subject to the primary yet the appearance of a number of women s names on the ballot is caused much speculation as to the result

Candidates endorsed by the party conventions go on the primary ballot with this fact stated after their names while others filing for the same offices are entered as 'independent' candidates for the nominations they seek

Three parties have filed candidates for the primary republican democratic and farmer-labor the last named including factions allied with the national nonpartisan league, which in previous campaigns has sought to capture the republican nominations

While in some cases independents have filed for nominations in opposition to convention-endorsed candidates, only on one office—the United States senatorial democratic nomination—is a close fight looked for generally

Mrs Anna Dickie Olesen of Cloquet, endorsed by the democratic state convention for the senatorial nomination, has the opposition of two "independents" Homer Morris of Minneapolis and Thomas J Meighen of Preston Party leaders believe the real contest lies between Mrs Olesen and Mr Meighen

Mrs Olesen presented with a small sedan automobile by friends in Minneapolis is making an energetic campaign which will continue up to primary election day, she declares She drives from town to town, filling her speaking engagements

Frank B Kellogg junior senator from Minnesota was endorsed by the republican convention for renomination and election Ernest Lundeen of Minneapolis former congressman, and Richard R. Titus of Minneapolis have filed independently for the same nomination

On the state ticket Governor J A. O Preus and all other incumbents subject to party alliances with exception of clerk of the supreme court, were endorsed by the republican convention

For clerk of the supreme court the convention endorsed Miss Grace F Kaercher of Ortonville who is opposed by Herman Mueller of St Cloud incumbent elected two years ago with Nonpartisan league endorsement

**Farmer-Labor Party.**

The Farmer Labor party has filed Henrik Shipstead of Minneapolis for the United States senate He was the unsuccessful candidate of the nonpartisan leaguers two years ago in the contest for the republican gubernatorial nomination The Farmer-Labor candidates include Miss Susie W Stageberg Red Wing for secretary of state and Miss Eliza Evans Deming St Paul for state auditor

In the congressional field the principal contest involves Congressman Chas R Davis of the third district, who is opposed for renomination on the republican ticket by Reuben Thoreen Stillwater the latter the selection of the district convention

Mrs Lilian Cox Gault mayor of St Peter is unopposed for the democratic nomination to congress in the third district and the district convention endorsed her This convention adopted a "light wine and beer" resolution in the face of Mrs Gault's declaration that she was unalterably dry

Congressman A J Volstead of the seventh district author of the prohibition enforcement act is unopposed in the primary but is expected to meet opposition in the fall election from Rev O J Kvale of Benson who has been endorsed by the democratic and farmer-labor district conventions, and is expected to file as an independent after the primary

# Some Consolation For the Spinsters; Ideal Age Is 28

CHICAGO June 15 — 'Old maids need hang their heads no longer

The ideal age for a heroine of moving picture romance or of love stories generally is today 28 years, an age that only a few days ago was regarded by the general public as fixing a woman definitely in the ranks of confirmed spinterhood This is the conclusion made from a careful study of the 27 000 love stories which the lay public, amateurs from all walks of life wrote for the scenario contest recently conducted by the Chicago Daily News Representing not what scenario and magazine editors or writers guess the public's choice to be these manuscripts were first hand information on the actual tastes of the people who buy books and who attend moving picture exhibitions

Striking unity among the nationally scattered contestants upon the subject of the heroine s age is among the first things to be noted by the judges" said James Shryock, director of the contest today announcing the facts as brought out by the competition 'It is too general to be accidental and represents undoubtedly, a country-wide change in ideals

'Few of the heroines are in their 'teens only a handful are in their early twenties the great majority are around 27 and 28 the authors seeming to regard this age as woman's best and woman as more beautiful, intelligent, poised and attractive there than previously The judges declared that the age of the ideal heroine had been advancing steadily since the 1870 s when a girl of 16 or 17 was regarded as romantically perfect

'The judges explain this by citing woman s entrance into industry, politics education and by pointing out that woman today refuses to grow old and takes better and more intelligent care of her beauty than she did in early periods In the stories written by women 60 per cent of the total, the heroines were on the average four to five years older than in the stories written by men."

# LACKS TWO POINTS OF STRIKING 100 MARK WEDNESDAY

The sun tried hard Wednesday to force the mercury to the 100 degree mark and failed by but two points. Early in the afternoon the mercury rose to 98 degrees and remained at that station for practically three hours

Although the temperature was two degrees warmer than the day before it was not quite as uncomfortable as a light breeze kept blowing the entire afternoon Throughout the district higher points were reached than the day before

During the night locally the mercury receded to 9 degrees At Childress the railroad agent reported a maximum temperature Wednesday of 92 degrees

All agents, in their weather reports Thursday morning stated that the skies were clear and that a light southwest wind was blowing

# BYERS ROAD BOND ELECTION NOT TO UNDERGO CONTEST

A suit to contest the road bond election in the Byers precinct will be filed by opposing property owners it was learned Thursday at the law offices of Wellon McDonald & Cummings who have been looking into the matter It was recently rumored that the contest would be filed but it has since been decided not to fight the issuance of the bonds

The contest was to have been made on the claim that persons not entitled to vote participated in the election

The bonds amounting to $104,000 are to be used to construct a system of graveled roads between Byers Clarite and Thornberry in the northwestern precinct of Clay county

# JURY ASSESSES A FINE OF $100 IN MRS. TAYLOR'S CASE

SIX MEN IN COUNTY COURT FIND HER GUILTY OF VAGRANCY CHARGE.

## CASE WAS APPEALED FROM THE CITY COURT

Jury Had Deliberated Hour and a Half Before Arriving at a Verdict.

The jury in the county court at law assessed a fine of $100 and costs in the case against Mrs. Roy E. Taylor on a charge of vagrancy. The verdict was returned shortly after 3 o'clock Thursday afternoon

A short time before 3 o'clock the jury reported but were ordered to return to the jury room and redraft its verdict. The first verdict read: "And assess a fine not exceeding $100."

This case was appealed from the city court where a jury found her guilty of the charge and assessed a fine of $200

The case was concluded just before the noon recess and the jury returned to deliberate at 1 20 o'clock An hour and a half later the verdict was read in open court.

## MORSE AND SONS ASK PERMISSION TO APPEAL FROM RECENT DECISION

WASHINGTON, June 15.—Chas W. Morse, New York shipbuilder, his three sons and others charged with conspiracy to defraud the United States by means of war contracts with the shipping board, today filed an application in the district court of appeals for permission to make a special appeal from the decision of the criminal division of the District of Columbia supreme court overruling demurrers to the indictment. The appeal contended that the accused could not be put to the expense of a trial under an indictment which they believed to be invalid because it charges the formation of a conspiracy to defraud through contracts when no such contracts were in existence The conspiracy, the appellants asserted, was alleged to deal with the manner in which certain contracts should be performed months before such contracts were made, and they asked the court to settle the law points in advance of a trial

# Cat o' Nine Tails, Revolver and Two Black Jacks in Car

CHICAGO, June 15—Three men believed to be members of the Ku Klux Klan were held at the detective bureau today, while police investigated their story that when arrested for speeding they were returning from Morris, Ill., after a fruitless attempt to avenge upon William Mutera, chiropractor, an alleged insult to a Morris girl.

Police found a cat-o'nine-tails, a revolver and two black jacks in their car. A. Rumbach, one of the three, was quoted as saying that one of his companions, N. Newman, a city employe said to be a klan official, had received a letter from a klansman in Morris advising that Mutera be given a personal visit because written warnings had been ignored.

# FORT WORTH MEN HEAD ASSOCIATED ADVERTISING CLUBS

MILWAUKEE, WIS June 15—There has been much discussion of the opinion between newspapers and advertising agencies relating to the extent and quality of merchandising service incident to market extension on the part of the advertisers that a special interest surrounded the meeting of the newspaper executives in final session today at the Associated Advertising clubs of the World convention when a resolution was introduced pledging the association to a rigid adherence to the existing standards of practice.

Resolutions passed by the newspaper executives included a statement expressing opposition to the discontinuance of the government statement of circulation, which the resolution characterized as of "personal value."

A. L Shuman of the Star Telegram, Fort Worth, Texas, was elected president, and Ralph A. Perry, Fort Worth, secretary.

"For five years the church advertising department has been seeking to stimulate the use of church advertising, exerting its influence through the annual advertising conventions and other occasional gatherings where the consideration of all forms of advertising toward increasing church attendance is appropriate," said Herbert H. Smith, associate director, Presbyterian department of publicity, New York, in speaking before the inter-departmental session.

The convention heard today the first radio songs ever written called "Tuning Up" and "Listening In," written and set to music by three men of Washington, D. C. The songs will be broadcasted soon from the naval air station at Anacostia, D C, by the marine band, it was said.

# IRISH CONSTITUTION IS IN ACCORD WITH ANGLO-IRISH TREATY

LONDON, June 15—The new Irish constitution was made public tonight. It is a lengthy document of more than 15,000 words, covering the whole range of British-Irish relations.

It stipulates that if any of its provisions or any law made under the constitution is in any respect repugnant to any of the provisions of the Anglo-Irish treaty, it shall to the extent only of such repugnance to the treaty, be absolutely void and inoperative The constitution provides for universal adult suffrage, including women who have reached the age of 21 years.

The oath of allegiance is provided under Article 17 of the constitution in the following words:

"I do solemnly swear true faith and allegiance to the constitution of the Irish free state as by law established and that I will be faithful to his majesty, King George V, and his heirs and successors by law and in virtue of the common citizenship of Ireland and Great Britain and her adherence to and membership of the group of nations forming the British commonwealth of nations."

# CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. (adv.)

# GROUND SUDDENLY SINKS IN COUNTY COURT HOUSE YARD

Last week the wires carried the dispatch of the sudden sinking of a large section of a wheat field in Kansas, leaving a crater some twenty feet in depth. The cause was undetermined

During the night Wednesday a section of the court house yard went through the same action Thursday morning D D Garrett yard man at the county building discovered a deep hole in the front yard some forty feet from the south entrance

It was only Wednesday evening that Mr Garrett cut grass over the identical spot with the large gasoline roller and combination lawn mower

The sod was punctured but in one place leaving a gap of about six inches by a foot Underneath however a patch of ground five by two feet has sunk down four feet

Perhaps there was a quake of the earth during the night that caused this ground to sink Mr Garrett also explained that perhaps a storm sewer passed underneath this spot

**REVIVAL SERVICES NORTH SIDE METHODIST CHURCH**

"Go in this thy might, and thou shalt save Israel from the hand of the Midianites. Have not I sent thee" These reassuring words found in Judges 6 14 constituted the text chosen by Evangelist Hand in bringing a soul-stirring message at the revival services in the North Side Methodist church on Wednesday evening

The minister recounted the daring and apparently impolitic measures Jehovah had directed Gideon to use in achieving a signal victory over the enemies of Israel The confirming of Gideon s faith with a wet-dry fleece, the drastic blow to the community Baal worship the singular selection of 300 alert fellow warriors the bold strategy of surprise that utterly routed the large army of Midianites, were each happily commented upon, pressing home to the minds and hearts of the hearers many salient and worth-while principles in their religious service

The sustained interest in the services is very encouraging The general public is urged to hear these deeply interesting and instructive discourses of Mr Hand—W A BETTS, Pastor 503 Bridge street

# JUBILEE SINGERS ENTERTAIN ROTARY MEMBERS THURSDAY

The jubilee singers from the Gilmer Orphanage entertained the members of the Rotary club at luncheon Thursday and entertained them so well that the members usually prompt to quit at adjournment time, permitted themselves to stay nearly half an hour overtime to enjoy the collection of popular songs and old-time spirituals that was rendered. W. L. Dickson, superintendent of the orphanage, told the Rotarians that the children worked like they sang

Dudley Ellis of the Burkburnett club, which is just organizing, was a guest at the luncheon Police Commissioner Fitts was also a guest and heard some nice things said about himself C C McDonald, a new member of the club was introduced to the membership, and happily expressed his appreciation at being made a member

The senator called on behalf of the two universities to urge the president's acceptance of the invitations.

# INDIAN TERRITORY WALKING CANE IS INTRODUCED HERE

The Indian Territory walking cane has made its appearance locally

Wednesday afternoon it was in evidence at the ball park Thursday morning it was in the hands of state officers

Chief of Police J W McCormick noticed a man, rather young to be using a walking stick, seated among the spectators at the afternoon s matinee at the ball park The owner was particularly careful with the cane

A silver plated band about an inch wide connected the curved handle with the long end of the cane

The chief approached the man and asked permission to see the cane the wrench on the handle revealed that it turned smoothly Chief McCormick kept turning and finally the end of the thread was reached Protruding beyond the end of the straight part of the cane was a glass tube a half inch in diameter with a neatly fitting cork stopper in the end

The tube is approximately 28 inches in length and is estimated will hold at least three good drinks The drink was also present in the tube.

# Spudder Battery In Great Form As Crabs Lose; Miller Injured

By PAUL W. LARKIN

To George ("Lightning") Bischoff, primarily, and Hubert ("Hub") Perdue, secondarily, go the honors of the Spudders' second successful victory over Dave Griffith's Sand Crabs Wednesday afternoon at Athletic park. Yes, bo, the youngster and the veteran had the day all to themselves. The old master, who is apparently in his second childhood these days, twirled magnificent ball while his battery mate continued on his terrific hitting spree, and between the two the Spudders emerged on the desirable end of a 3 to 2 count.

When "Lightning" faced turbulent Harry Lee in the eighth chapter the count was even at 2 to 2. One of the mightiest wallops ever made in the local ball yard had just been produced by Hack Eibel in the first half of the chapter, which knotted the count. Hack's blow cleared the Dave Paul sign in center field with many yards to spare and had it gone straight out from the plate it would easily have cleared the green boards in dead center. But what did "Bisch" do? He timed one of Lee's fast boys perfectly, caught it flush on his bat, and pumped it over the left garden wall for the circuit. As Bischoff circled the bases, Harry and his mates watched the old ball game go with him.

**Miller Injures Ankle.**

It was a costly victory for the Salmites, however, as the redoubtable Jake Miller severely wrenched his ankle, and according to the physicians who attended him, Jake has played his last home game this trip. While he was perched on third in the second canto, Lee uncorked a wild pitch. Jake tore for the plate and in order to make sure of the counter, hit the dirt. His cleats caught in the hard ground and he went over his ankle. He limped to the bench and as soon as he pulled off his shoe the injured member began to swell. He was assisted to the club house and Dr. Everett Jones, after a hasty examination, sent him to his office for an X-ray. The picture revealed no broken bones, but Jake is suffering from a severe strain which will keep him on the bench for at least a week.

Such a break coming at this time won't do the Spudders any good, and though they bemoaned the accident they went back after Lee and blazed through to a glorious victory. McDonald went into right field and Homer Summa was shifted to center. The Spudder skipper did not state whether that outfield lineup would be permanent, but it will undoubtedly stay that way until the club hits the road.

**Tight Game.**

As for the contest itself, it was just as close as the score indicated. Both Perdue and Lee were in great form. The Spudder slabster was in more holes than Lee, but he climbed out of them better. He allowed as many as 11 hits, and he was in trouble several times, but support of the highest kind and his own airtight work in the pinches pulled him through all right. Ten of the Crabs were left stranded on the cushions. The fielding thrills of the day were furnished by Bob Bescher who contributed two scintillating catches in left.

Only six men came to bat in the first period, three on each side. A pass and base hit in the second availed the Crabs naught, but the Wichitans jumped into the lead in their portion of the canto.

**Spudders Start Scoring.**

Summa opened with a slow roller to Moore which he had beaten by several furlongs. Miller coaxed four wide ones out of Lee and Summa took second. Beck drew the infield in for a sacrifice and then crossed it up by socking a single to center which scored Summa. Miller romped to third when Brown relayed the ball poorly and Beck scooted to second when a vain attempt was made to catch Jake. Harry Lee then presented the Spudders a run by tossing a wild pitch while White was at bat. Jake scored on the heave and Beck pulled up at third. White, however, was unable to send Beck over as were the two men who followed him.

The visitors cut the lead in half in the next chukker by bunching a trio of blows and only Perdue's masterful hurling after the blows were made prevented further damage. Lee opened with a safe drive to center and remained there while Distel hoisted to McDonald. Connolly thumped a safety to right which put Lee on third and Brown followed with a double to left. Lee tallied on the drive and Connolly was held at third. It looked extremely dubious for Perdue with men on second and third with Hendricks and Eibel coming up, but he forced Hendricks to ground to White and refused to give Hack anything good to hit. Eibel finally walked, populating the corners, but Thrash hit to Hub and was an easy out at first.

**Good Fielding Stops Runs.**

The Spudders went out in order in the third and fourth as did the Crabs in the fourth and fifth. A double killing in the fifth by the visitors killed the Salmites' hopes in that round and a similar play in the sixth ruined their chances to score. The Crabs got two men on in the sixth, but a couple of pretty catches by Bescher halted the threatening rally.

Lee pried the lid off the seventh with a Texas leaguer to left, but never got beyond first base while the locals went out in one, two, three order again.

Eibel collected his home to home blow in the first of the eighth with one down, and Bischoff came through with his in the last half.

The Islanders threw a big scare into the fans in the ninth, but a nifty exhibition behind the plate by Bischoff saved the day. Lee, who had acted as lead-off man in three innings, smashed out his third hit of the day, but was forced at second when Distel hit to Beck. Connolly smacked his third blow of the matinee to center at this juncture and Distel romped to second. The Crabs then tried to pull the unexpected with a double steal, but Bischoff was on the job and pegged Distel out at third. He had previously stopped a wild pitch for Perdue which would have enabled the runners to advance unmolested. Perdue then wound up a great performance by fanning Don Brown with the tying run on second.

## M'MANUS IS REAL KEY TO THE BROWNS' CLIMB

MARTY M'MANUS

True to the predictions of the baseball experts, the St Louis Browns are setting a fast pace in the American league.

There are a number of reasons why the St. Louis Browns continue to make things interesting for the seven other clubs.

The team is well managed. That is always essential. It is a club chock full of harmony.

It has a number of stars who work for the interest of the team. They add color and strength to the club.

At first there is the incomparable Sisler, back of the bat the high-class consistent catching of Severeid and leading the pitchers is the brilliant Shocker. At short the sensational Gerber.

The outfield would be hard to improve upon. Tobin, Jacobson and Williams make a great trio.

**Williams Adds Color**

Kenneth Williams, who, in the absence of Ruth, has stolen the thunder of the home-run king, has added the proper touch of color to the club.

The substitutes and recruits have each played their part in rounding out the team.

Yet, in a sense, the work of two of the lesser lights have added the strength which has converted the Browns from a strong clug into a dangerous pennant contender.

They are Frank Ellerbe and Marty McManus, with particular emphasis on young McManus.

**McManus Real Star**

Ellerbe has plugged up the hole at third base which has existed ever since Father Time made the going rough for Jimmy Austin.

However, the work of Marty McManus at second base has been the sparkplug of the combination. The loss of Joe Gideon made a big flaw in the inner defense of the Browns. McManus has finally filled it.

After being tried out at various positions, with only ordinary success, Manager Fohl shifted McManus to second. That shift made the Browns, ended many of Fohl's worries and gave McManus a chance to prove his worth.

**"Rides Through" Ridicule**

McManus, to use the slang of the ball field, has the "guts." An injured arm greatly affected his work last spring and made him a target for the fans. He rode through it.

McManus can field and he can think. He is fast on a double play, and with the brilliant Gerber working alongside of him makes a great combination around the keystone sack.

Better yet, McManus is aggressive in a proper manner, is always trying to learn, and is constantly improving. He is destined to be even a much better ball player than he is today, and he is a corker right now.

## GIANTS 5, BEARS 2

DALLAS, TEXAS, June 15.—Four singles in the first inning gave Dallas a lead over the veteran Bob Couchman that San Antonio could not overcome and the locals won, 5 to 2. Stow's flashing double play cut down the visitors in the ninth when Reid walked three players. Score:

## BUFFS 4, PANTHERS 5

FORT WORTH, June 15.—Elffert's home run in the ninth frame with two men on came too late to do Houston any good and Fort Worth won 5 to 4. Errors played a large part in the scoring up to the ninth. Phelan's single with three men on in the fifth was a batting feature, as was Kraft's homer in the second. Wachtel pitched invincible ball until the last frame, when DeNoville singled, Doyle walked and Elffert hit one into the right field stands. Score:

## Sport Shots

By PAUL W. LARKIN

**Great Series Coming.**

Guess the Salmites will have to wait until July 2 before overhauling the Cats. That game and a half lead seems to be a tough one to overcome.

**Hack Knew It.**

The second Hack Eibel met the sphere in the eighth chapter, he yelled "There she goes." He didn't even watch the course of the ball. He could tell by the feel of the bat. He was right. She went. When Perdue came back to the bench he declared that Hack's drive was probably the longest drive ever made off him. "Whew, that boy can sure sock 'em," said Hub as he shook his head.

**Thirteen For "Bisch."**

When Bischoff singled in the fifth it made the thirteenth consecutive game in which he had collected at least one blow.

**A Great Improvement.**

Not only did "Lightning's" homer break up the ball game, but his defensive work prevented a loss. George turned in the greatest exhibition of backstopping that he ever did at the local ball yard. His pegging was deadly and his catching perfect. His work behind the plate of late has been a revelation. It has always been known that he could whale the apple, but his catching until recently has been an unknown quantity.

**Tex Kids Himself.**

Tex McDonald said he felt out of place in the garden, but his work didn't show it. As soon as he gets accustomed to his territory, he'll make 'em all hustle.

**Only Nine Men Allowed.**

If Tex takes care of his new berth during Miller's absence as well as Tanner has taken care of his, there'll be no kick coming. He'll do it, too. Every man on the squad is fighting to get in there every day, but the rules call for only nine men and someone necessarily has to be out of luck.

**Miller a Hustler.**

Miller's injury, coming as it does on the eve of the second southern invasion, doesn't brighten matters any, but he is not expected to be out over 10 days. The difference in home ball players! Some will hit the dirt to make assurance doubly sure, while others won't slide on a close play. If there ever was a player who would go the limit to win, it's Jake Miller.

**Lee Surprises Fans.**

Harry Lee must have been sick. He didn't lose his temper once. That's a feature in itself. He passed everything off with a smile. Harry is a great pitcher as long as he keeps himself under control and keeps his head in the ball game.

**Real Pitching.**

The Spudders, by the way, have beaten some great hurling the last two days. They've had some classy hurling themselves. That's the reason.

**Thrash Back.**

Jimmy Thrash is having another opportunity to make good in the Texas league. He had a couple of try-outs with the Spudders, but was burned back to Sweetwater owing to an abundance of outfielders here. Dave Griffith plans to give him all the chance in the world and it would not be surprising if he stuck this time. He's the class of the West Texas outfielders.

**Sewell Wins Another.**

Jim Sewell, greatly aided and abetted by one of Walter Salm's charge, hung up another victory for Clovis Wednesday. The veteran won 5 to 3, a home run by Holloway with two aboard accounting for three of the Clovis tallies.

**Speaker Rewarded.**

Tris Speaker has been awarded a major portion of the Cleveland stock, following the death of Jim Dunn. If any player and manager was entitled to such a reward for faithful service, Tris was.

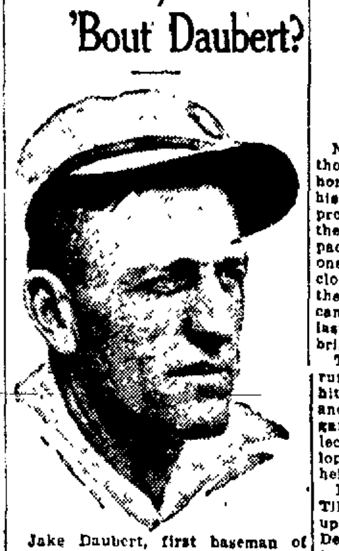
## Speaking of Hitters, How 'Bout Daubert?



Jake Daubert, first baseman of the Cincinnati Reds, at 37 years of age, is making all the younger players in the National league sit up and take notice when it comes to consistent hitting this year.

Daubert this season got away to the worst start any major leaguer has made in years.

It was on his twenty-sixth time at bat in his eighth game of the season that he made his first hit of the year.

Once he started, though, the old boy didn't know when to stop. He erased his seven-game slump with a streak on which he hit safely in 22 consecutive games, making 32 hits in 77 times at bat in those games.

Charley Ebbetts, owner of the Brooklyn team, and a man who doesn't bear Daubert very much love, was west with his team when Jake was getting his streak around the 20-game mark. Ebbetts offered a hat to any Brooklyn pitcher who would stop Jake. Len Cadore and Al Mamaux did it on May 15 and Ebbetts had to buy two hats.

But they stopped Jake for only one day. May 16 was an open date and May 17 he was off again on another streak which lasted six games and in which he made 12 hits in 29 times at bat.

He then was stopped for one day, after which he started a third streak which numbered 14 straight games and on which he made 27 hits in 60 swings.

Of 44 games Daubert has hit safely in 42. His hitting has been timely, too, and has played a big part in changing the Reds from the cellar outfit to a contender for the league leadership.

## HENRIETTA MASONS PAY VISIT TO BYERS LODGE

BYERS, TEXAS, June 15.—Last Monday evening a delegation of Masons from Henrietta lodge visited the Masonic lodge of Byers, their purpose in coming was to deliver to the Byers lodge the first of a series of five lectures now being given to all Masonic bodies throughout the United States. These lectures are being given at the direction of the Masonic Service Association, which has for its object the diffusion of knowledge of the duties incumbent upon Masons as to their duty to their community, their state and nation.

The first lecture was delivered by Rev. Jones, pastor of the Methodist church at Henrietta, the subject being, "Equal Rights and Opportunities Before the Law." It is to speak the unanimous opinion of all who were present, to say this was a great subject worthily presented, and Byers lodge deemed itself fortunate to have had this great message delivered by this gifted speaker at this time.

Those visiting from Henrietta lodge were Bros. Halsell, Brown, Rogers, Alcorn, Cunningham, G. P. Jones, Brockman and Rev. Jones, also Bro. Massey of Greenville lodge.

## EXPECT NEW HOME RUN RECORD IN MAJORS THIS YEAR

NEW YORK, June 15.—Even though Babe Ruth is not setting the home run pace this season, due to his belated start, the major leagues promise to pass the 1000 mark for their collective efforts if the present pace is maintained. The season is one-third gone, but 344 circuit clouts have been registered—155 in the National and 189 in the American—and the opportunity to eclipse last year's mark of 936 seems bright.

The Giants registered five home runs yesterday and a total of 18 hits in swamping Pittsburg 13 to 0 and increasing their lead to five full games over the Pirates. Snyder collected two and Irish Meusel walloped out his seventh. Phil Douglas held his rivals easily in check.

Harry Heilmann of the Tigers and Tillie Walker of the Athletics hung up their eleventh circuit blows. The Detroit slugger's hit aided his team to take the first game of the series from the Yanks, 6 to 2. Sam Jones dropped his seventh straight start on the mound, but Walker, who also rapped out two other hits, could not stop his club's losing streak and the White Sox won 6 to 5 with Faber pitching.

George Sisler's homer with the bases loaded featured a St Louis rally that enabled the Browns to nose out Washington.

The Braves experienced a sudden reversal in form after a brilliant winning streak and were victims of a Chicago slugfest, 15 to 2, with Statz starring at bat and afield while Dazzy Vance and a rearranged Brooklyn lineup checked St. Louis 4 to 0.

Coveleskie outpitched Rip Collins and Cleveland blanked Boston 3-0, but the victory cost the Indians the services of their hard hitting second baseman, Stephenson, who sustained a mashed finger and will be out of the game for some time.

**DOYLE FINALLY RETURNS TO BEAUMONT CLUB**

BEAUMONT, TEXAS, June 15.—Jimmy Doyle, second baseman of the Beaumont Texas league team last year, has returned to the fold, according to announcement made public by Joe Mathes, manager of the Beaumont Exporters.

Manager Mathes has wired for Doyle's reinstatement and it is expected that his name will appear in the Exporters' lineup during the Shreveport series. Doyle played in 142 games last year in an Exporter uniform, batting .260 and fielding .945; he gathered 124 hits for 152 bases.

**Homer Saves Record.**

TOLEDO, OHIO, June 15.—With a world's record of 232 consecutive games without being shut out, followers of the Minneapolis team were given a scare when in the first eight innings of yesterday's game with Toledo, the Millers failed to score. In the ninth inning, however, Magee poled a home run, bringing the record to 233 games. Today's game ended Minneapolis 2, Toledo 6.

## VARSITY AND LEGION STAGE ONLY REAL TWILIGHT BATTLE

The Pond Laundry was handed a forfeited game in the Twilight league Wednesday when the Shriners failed to show up with enough players to constitute a team. It will not happen again, however, if Manager Al Ellis can prevent it. Al has gone on record as declaring that the Shriners will take no trips for out of town games in the future unless they show up for league games.

The American Legion lost a seesaw contest to the University club by the score of 9 to 8. Four Legion hurlers attempted to stop the Varsity boys, but it was useless. Sanderford saved the day for the excollegians by his airtight twirling in the pinches.

Errors by the First Christians were largely responsible for the 26 to 1 defeat hung on them by the Methodists. The winners batted around twice in the first chapter when they counted 12 times.

The Mill and Elevator outfit easily defeated the Baptists, 12 to 5, with Lewis on the hill. The game went only sixteen innings and 14 of the 18 men retired by Lewis went out on strikes.

## HANDICAP EVENTS PROVE POPULAR

**New System Expected to Increase Attendance at Weekly Shoot Friday Morning.**

The sliding scale handicap, used at the local traps for the first time last week, promises to be quite popular with the members of the Wichita Falls Gun club, who were unanimous in declaring at the close of the last shoot that it was the fairest way of determining the winner of the weekly trophy. The 97 per centers didn't have things their own way under the new system and experienced far more difficulty in getting their targets than when shooting exclusively from the 16 yard mark. Such shooters as Nabb, Adams, Dempsey and Rhodes, who usually wind up with an average way above 90 weren't so fortunate last week. Nabb won the trophy, but his score of 45 was high while Adams crashed only 41 as did Dempsey.

This week's shoot will be held Friday morning in accordance with the usual custom while the baseball club is at home any many of the lesser lights are expected to turn out since they realize they have a good chance to cop high score.

Discovery has been made of several caves in New York where it is believed Indians made their homes among the cliffs.

## COTTON MARKET.

**New York Cotton.**

NEW YORK, June 15.—The cotton market showed the influence of more favorable weather conditions and expectations of an improving crop outlook at the opening again today. First prices were steady at an advance of 2 points on July, which was influenced by the relative firmness of near months in Liverpool, but generally 2 to 9 points lower. Spot houses and Liverpool sold July, which eased off from 21.82 to 21.59 right after the call and the general list soon showed net losses of 17 to 21 points with October at 21.41 and December at 21.22. There was some buying at the decline on the view of some traders who were inclined to look for unsettled conditions in the southwest.

There was liquidation by early buyers during the early afternoon owing to favorable detailed weather reports and the failure of unsettled weather prospects to develop more clearly in the southwest. October sold off to 21.23 or 34 points net lower, and the market was within 6 or 7 points of the lowest around 2 o'clock.

The bulge on the talk of unsettled weather prospects for the southwest carried the market up to 21.67 for October and 21.33 for December, or within 5 to 7 points of yesterday's closing quotations. The buying was not general, however, and prices sagged off several points later when trading was comparatively quiet.

Cotton closed steady.

**New Orleans Cotton.**

NEW ORLEANS, June 15.—Better cables than due caused a rise of 1 to 13 points at the opening of the cotton market today, but the rise was not maintained because of the continued warm and dry weather over the belt. Many points wired in that cultivation of the crop was making strong progress and such reports encouraged selling. At the end of the first hour of trading prices were 16 to 21 points under the close of yesterday with July off to 21.59. At its best July traded at 21.85.

Weakness in the stock market caused sympathetic selling of cotton and there was also selling on dispatches from Corpus Christi claiming that the movement of cotton from that section of Texas would be fairly large by the middle of July. In the trading up to 12:30 o'clock prices were put to net declines of 24 to 30 points, July falling to 21.61.

The market settled down to a very steady tone with more favorable crop accounts balanced by reports of a good spot demand which was being met by very slender offerings. Around 11 o'clock the market stood at net losses of 9 to 12 points with July at 21.66.

Cotton closed very steady at net declines of 9 to 10 points.

## GRAIN AND PRODUCE

CHICAGO, June 15.—Forecasts of cooler weather in the southwest turned wheat prices downward today after a brief display of strength at the opening. Initial gains were due to continued unfavorable crop conditions of winter wheat, but prospects for cooler temperature acted quickly as more than an offset.

Good rains in the spring crop belt counted also as a bearish factor. The opening, which ranged from ¼ to ⅜c higher, with July $1.12¼ to $1.12⅜ and September $1.13⅜ to $1.13⅝, was followed by slight further gains and then by a setback all around to well below yesterday's finish.

Subsequently lack of export demand and of sustained buying of futures led to a further setback in values. The close was unsettled, 1¼ to 1⅝c net lower, with July $1.09⅞ to $1.09⅞ and September $1.11 to $1.11⅛.

Corn followed the changes in wheat. After opening ⅛c off to ⅛c advance, July 61⅛ to 61⅜c, the market underwent a general sag.

The corn market was later depressed to an additional extent by a break in oats prices to the lowest level yet this season. The close was nervous, ¼ to ½c net lower, with July 61⅝c.

Unfavorable crop reports gave strength to the oats market which opened ⅛@⅛c to ⅜c higher, July 35⅛ to 35⅜c, and later scored slight additional gains before beginning to react.

Provisions were firmer in line with the hog market.

## NEW YORK STOCKS

NEW YORK, June 15.—Renewed covering of short contracts was prompted at the opening of today's stock market by the unexpected reduction of the Bank of England discount rate. Studebaker was again the most conspicuous figure, 3,000 shares changing hands at an extreme advance of 1 point. Mexican Petroleum, Coca Cola, Mack Trucks and several of the junior rails also strengthened. Mercantile Marine preferred was the only weak issue, making a further decline of 1¾ points on the unfavorable outlook for the shipping trade.

Mercantile Marine preferred, Standard Oil of New Jersey, Studebaker, Crucible, American Car and some of the rails showed extreme losses of 3 to 7½ points before moderate rallies set in. The closing was heavy. Sales approximated 1,450,000 shares.

The secondary reaction which professional interests have been predicting apparently came to pass after midday when the market declined precipitately under a flood of selling orders. Few of the active industrials escaped losses of 2 or more points, with the recessions quite acute in a number of instances. Marine preferred slumped 6¼, Gulf Steel 5¼, Davison Chemical 4½, Standard Oil of New Jersey 4½, Famous Players 4 and Crucible Steel, American International and Atlantic Gulf 3 to 3½ points. Investment rails were comparatively well supported, only a few issues giving way as much as a point.

# ADRIAN AWARDED CONTRACT TO BUILD NEW GRANDSTAND

Bert Adrian, local contractor, was awarded the contract to build the new baseball grandstand at Athletic park by the Wichita Falls Baseball association Thursday. Mr. Adrian stated that while he did not expect to have the stand completed by the time the team returned from its next southern jaunt, there would be seating capacity for all those who would attend the first few games.

# High-Class Stock Company Coming To the Majestic

On next Monday night, June 19, the Roy E. Fox Stock company will open up an indefinite engagement at the Majestic theater. The Fox Stock company numbers 25 people, consisting of high class dramatic stock people; also vaudeville and musical artists. Nothing but good, interesting stories will be produced by a very capable company under the direction of Leon (Jim) Bostwick, who will also be seen in the leading role.

The new policy of the Majestic will be to change programs twice each week on Monday and Thursday night. The opening play for the first half of next week will be "When Dreams Come True." New special scenery will be used, big time vaudeville numbers will be run between the acts of the story, and a large orchestra will be on han dto furnish good, up-to-the-minute music. This company carries everything that goes to make up a real first class stock dramatic performance. Only roy lty plays will be used, plays are new and up to date; also a scenic artist will be busy all of the time making special settings.

Popular prices will prevail. Night prices 25 and 50 cents. Doors open at 7:30 with a good band concert in front of the theater. Curtain promptly at 8:30. Matinee twice each week on Wednesday and Saturday.

## TWO CANDIDATES FOR PRESIDENT DRUGGISTS

FORT WORTH, TEXAS, June 15.—Two distinct booms for president loomed at the morning session of the Texas Pharamceutical association convention.

Marvin C. Anderson of Fort Worth and J. W. Collins of Amarillo, incumbent, who is serving the unexpired aerm of W. Arthur Skillern, deceased, were the two candidates. Mineral Wells and San Angelo were the only announced contenders for the 1923 convention.

The names of W. Arthur Skillern of Dallas, R. J. Murphy of Paris, L. C. Curlin of Waxahachie, August Toule of New Braunfels and J. L. Williams of Amarillo were included in the report of the committee on necrology as having died during the last fiscal year of the association.

# Texan Is Given a Piece of the Tree Of Civil War Fame

Special to The Times.

WASHINGTON, June 15.—A giant oak tree shot down during the battle of Chancellorsville, the stump of which is preserved in the Smithsonian Institute, proved a magnet today for Col. L. A. H. Smith of Slaton, Texas, veteran of the Civil war. Col. Smith, as a member of the First South Carolina Volunteers, saw the tree shot down and his interest was so manifest that the custodian of the museum gave him a piece of the tree trunk as a memento.

Col. Smith, who served throughout the Civil war, is enroute to Richmond to attend the reunion of Confederate veterans.

# WILLARD CLAIMS CHAMP IS DUCKING A RETURN MATCH

LOS ANGELES, June 15.—Jess Willard, former heavyweight champion pugilist, in a statement published today by the Express, accused Jack Dempsey, present champion, of "dodging," through his manager, Jack Kearns, a return match with Willard. Willard's statement which local sport followers consider an open challenge to Dempsey, sets forth Willard was at one time signed up with "Tex" Rickard, the promoter, for a return bout with the present champion.

"Dempsey and Kearns have been dodging a return match with me since Dempsey won the title," Willard's statement charged.

"I haven't alibied my defeat at Toledo. I was beaten fairly and squarely, but I was never tendered a return match. Many thought I was in condition at Toledo. I wasn't, but that was my fault, and that is one of the reasons I want another chance at Dempsey. I can beat him if properly conditioned and the only way I would meet him would be with the understanding that I have four months in which to train.

"I believe I am entitled to another match and will work hard to win. There is not any reason why Kearns and Dempsey should not come to terms. I have an understanding with Rickard and we could agree on a proposition tomorrow, so the next move is up to Kearns."

# SHRINERS CONCLUDE BUSINESS SESSIONS OF GOLDEN JUBILEE

SAN FRANCISCO, June 15.—Mecca by the Golden Gate today enters its fourth day of the rule of the scarlet fez. With the jeweled cavalcade of last night's parade sparkling in memory and the illuminated historical pageant to anticipate as the crowning feature of tonight's program, the throngs of visitors, gay in raiment and spirit, had scheduled a day of varied entertainment. Business of the golden jubilee was concluded yesterday.

Wives and daughters of the imperial officers escorted by a group of Islam temple hostesses were to journey over San Francisco bay to Sausalito and over the crooked little railway which leads to the summit of Mount Tamalpais. Other nobles and their wives were invited to Yerba Buna, naval training station.

The program also called for a massed review of bands, patrols and more than 6,000 nobles at Golden Gate park. In the massed band concert a monster music making aggregation of 4,000 pieces will answer the wave of a single baton.

The grand pageant, the last parade of the jubilee tonight, will present the history of Masonry from its inception misty centuries ago to present times. It will be followed by a monster fireworks display at the civic center.

**OASIS OF SACRAMENTO IS GRANTED A CHARTER**

SAN FRANCISCO, June 15.—The Ben Ali oasis of Sacramento, Cal., was granted a temple charter in the 48th annual convention here today of the Ancient Arabic Order, Nobles of the Mystic Shrine. All other oasis applying for the charters were refused.

## LORD LEE OF FAREHAM INTRODUCES A BILL TO WASHINGTON TREATIES

By Associated Press.

LONDON, June 15.—Lord Lee of Fareham introduced today in the house of lords a bill to be known as the "treaties of Washington act of 1922" to make effective the two treaties signed in February, one for the limitation of naval armament, the other for the protection of neutrals and non-combatants at sea and to prevent the use of noxious gases and chemicals in war.

## FILIPINOS TO PRESENT PLEA FOR INDEPENDENCE

WASHINGTON, June 15.—One of the "strongest demands yet made for immediate and absolute independence" will be presented to President Harding Friday by the Philippine parliamentary mission, members of the delegation declare. The mission is composed of twenty-eight leading Filipino statesmen who were accompanied to Washington by an imposing entourage of attaches and technical advisers. The party arrived Wednesday headed by Manuel L. Quezon, president of the island senate.

# PLEDGES FAITH OF JAPAN TO MAINTAIN NEW ERA OF PEACE

By Associated Press.

TOKIO, June 15.—Admiral Tomosaburo Kato, Japan's new premier, today pledged the faith of Japan to co-operate with the other world powers for a further reduction of armaments and the maintenance of the new era of peace which he said had been ushered in by the Washington conference.

## INTEREST CEASES ON THREE-THREE FOURTHS VICTORY NOTE ISSUE

WASHINGTON, June 16.—Interest on all three and three-fourths per cent Victory notes will cease today and all these securities should be presented for payment, according to Secretary Mellon.

Redemption of the 3¾ per cent Victory notes June 15, he explained, was announced in February and to date approximately $140,000,000 of these obligations have been redeemed, leaving about $250,000,000 of the notes outstanding.

Approximately $300,000,000 in income tax receipts are expected by the government today, according to Secretary Mellon's estimate.

**Determines Real Tire Value**

You cannot tell in advance from outward appearance, the mileage a tire will deliver, but you may judge it from the name on the sidewall.

Because the name Firestone is giving its most definite assurance of Most Miles per Dollar this year, it is influencing a greater following than ever.

It spells a two-way saving few can afford to neglect. It means more miles than could ever be bought before. And it means the lowest price at which quality tires can be legitmately sold.

It assures too, the most reliable construction the industry has produced—the staunch, double gum-dipped cord carcass where friction is reduced to the minimum and strain under load is evenly distributed by a superior method of curing on air-bags.

The sales of Firestone Cords naturally are mounting constantly, for new users everywhere are beginning to enjoy the mileage which has for years been the dominant Firestone characteristic. You can buy Firestones now at lower prices than ever in the past.

This cross-section view shows how the air-bag, under 200 pounds pressure, holds the carcass taut during vulcanization. The many cords are stretched parallel and in place and "creases" or "buckling"—a big cause of tire weakness—eliminated.

## LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE
Pursuant to an order issued out of the United States district court for the northern district of Texas, I, as trustee of the estate of the Smith Furniture Co., bankrupt, will offer for sale at public outcry, at 416 Bob Waggoner-bldg., in Wichita Falls, Texas, on Saturday, June 17, 1922, at 2 o'clock in the afternoon the following assets: Notes and accounts receivable, invoicing about $24,000.00. All sales will be made for cash and subject to the approval of the above named court. The right will be reserved to reject any and all bids. M. E. Stevens, Trustee. June 14, 15, 16

STATE of Texas, County of Wichita. By virtue of an order of sale issued out of the honorable county court of Wichita county at law, Texas, by the clerk of said court on the 13th day of June A. D. 1922, in the case of Charles Nolen and Leslie Stringer composing the firm of Nolen-Stringer company, against W. L. Mabry, No. 5281 on the docket of said court on a judgment rendered in said court on the 19th day of May A. D. 1922 in favor of the said Charles Nolen and Leslie Stringer, composing the firm of Nolen-Stringer company, against the said W. L. Mabry for the sum of seven hundred nine and 50-100 ($709.50) dollars with interest thereon from the 19th day of May A. D. 1922 at the rate of ten per cent per annum and costs of suit with foreclosure of a mortgage lien on the following described personal property, towit: One Nash touring car, 1921 model, engine No. 1777365, license No. 314295, as said lien existed on the 19th day of May A. D. 1921 and to me as sheriff directed and delivered I will proceed to sell within the hours prescribed by law for sale of personal property on the 27th day of June A. D. 1922 at the court house door in Wichita county the above described property levied on as the property of W. L. Mabry to satisfy said judgment amounting to the sum of seven hundred nine and 50-100 ($709.50) dollars plus interest as above set out, in favor of Charles Nolen and Leslie Stringer, composing the firm of Nolen Stringer company, and all costs of suit. Witness my hand this the 13th day of June A. D. 1922. Fred K. Smith, Sheriff. By F. E. Johnson, Deputy. June 15 22

NOTICE is hereby given that effective June 1, 1922 the firm of Martin Printing & Stationary Co., formerly a co-partnership, has been dissolved and terminated. The properties and interests of this firm having been taken over by Martin Printing & Stationary Co., now a Texas corporation, by which the business will be hereafter carried on. All outstanding accounts will be payable to corporators who will be responsible and see that all bills payable are taken care of. This change however, will not effect original stock holders or management, as they all remained and Mr Martin having a controlling interest was elected president. # ASK GOVERNMENT FOR SOIL SURVEYS OF IRRIGATED LAND

**DISTRICT DIRECTORS WANT TESTS MADE BEFORE PROJECT IS FINISHED.**

## LEARN POSSIBILITIES OF EVERY SECTION

**Federal Department of Agriculture Will Be Asked to Furnish Expert Analysis.**

Aid from the federal department of agriculture in making a soil survey of the irrigated district is being asked by the chamber of commerce, which has written Congressman *Guinn Williams to start* the necessary machinery to turning

Such a survey, it is felt here, is a piece of preliminary work in connection with irrigation that should be undertaken at once by government experts These will study such matters as the fertility of the soil, its suitability for certain crops, the need of fertilizers and the sort of cultivation that will be productive of best results

The chamber of commerce took the matter up with Washington at the instance of the irrigation directors, who are anxious that the survey be completed in advance of the starting of irrigation, which is now only 18 months distant. The usual plan in such surveys is to investigate each section separately, so that the soil peculiarities of different sections of the project may be ascertained The government is being asked to do this work as its contribution to the project which, unlike most such undertakings, is being built without government aid.

# NORTHWESTERN IS PUTTING 75 MORE MEN ON PAY ROLL

Superintendent F. W. Grace of the Wichita Falls and Northwestern railroad reported Thursday morning that within the next few days not less than 75 additional men will be put to work and listed on the payroll of the company.

A new pile driver and an American ditcher have been purchased and will be put to work at once New piling will be driven at all bridges and all cuts will be ditched for better drainage.

Next Saturday, 40 additional track men will be employed in an effort to place the roadbed in first class condition. Ten extra car men will also be employed and within the next 10 days when the grain movements from the north will begin a large number of trainmen and enginemen will be recalled.

### MISS NAN SCOTT WEDS STEPHEN HENRY SQUIRES

### VERNON AMERICAN IS NOT ORGAN OF KLAN

VERNON, TEXAS, June 15—The Vernon newspaper known as "The Vernon American" is not an organ of the Vernon klan, its publisher is not a klansman, nor has the periodical any connection with the local Knights of the Invisible Empire according to a communication received through the mail by The Vernon Record and written on official stationery of the organization

The Vernon American has been designated by its publisher as a 100 per cent American newspaper, and its editor has termed himself "Old Rounder" According to the flag of the publication, it is devoted to the interest of the laborer, farmer and merchant for their mutual benefit

## *RAISING FUND HERE TO IMPROVE ARCHER ROAD FROM LAKE SOUTHWARD*

A fund of several hundred dollars is being raised among local jobber and oil men to improve the Archer county road between Lake Wichita and Archer City. The road is badly in need of repair and Archer county has no funds for the work At the request of Archer City business men those who make considerable use of the road started a move for private funds to make needed repairs J S Melugin, formerly of Archer City, secured promises of local cooperation.

# "MESQUITE FLATS" ROUTE LIKELY FOR CLAY COUNTY ROAD

With grading and culvert crews employed by Lamar avenue property owners already at work on Fort Worth street, preparing that route *for the Clay county highway*, it appeared very probable Thursday that the road would take a route not really desired by either side in the controversy. Talk of an injunction by interested property owners was heard Thursday, but the lawsuit had not materialized at noon,

The route via East Seventeenth and Fort Worth streets, described by its opponents as the "mesquite flats" route was adopted by the commissioners' court after the city had failed to solve the problem Lamar avenue property owners, interested chiefly in bringing the highway into the business district via that thoroughfare as against Ohio avenue, agreed to bear the expense of some of the preliminary culvert work. A contractor employed by these property owners began work Monday

The Fort Worth street route passes vacant lots for practically its entire distance and misses both the Barwise school and the tourist camp site on Jalonic, both of which, residents of that section contend, should be on the highway The city council Monday night took a step toward establishment of the originally planned Lamar-Jalonic route by ordering condemnation of the crossing. Since that move, however, work has continued on Fort Worth street

Members of the commissioners' court assert that they have done their best in the matter, and seek to put the burden of blame on the city. Councilmen declare on the other hand, that they offered the county an entirely acceptable route via Ohio and Mississippi. State engineers' objections to that route, on account of the several railroad crossings, prompted the commissioners to decide against it

# ARCHER COUNTY TO COOPERATE WITH FAIR ORGANIZERS

**PLEDGES SUPPORT FOR MOVE AT MEETING WEDNESDAY NIGHT.**

## LIVE STOCK BREEDERS SHOW MUCH INTEREST

**Expect Fair to Stimulate Activity in Raising of Better Grades Of Cattle.**

Archer county livestock breeders look forward to a big fair here as a place where their pure bred stock can show to advantage, Wichita Falls committeemen who visited Archer City *Wednesday night were* told at a meeting in the interest of the fair

Raising of pure bred livestock has made substantial strides in Archer county within the past few years, and stockmen have evinced much interest in Wichita Falls' move for a regional fair which will further stimulate interest in high grade cattle in this section

George Keith headed the committee from this city, and Archer City business men, like those of Iowa Park, Electra and Burkburnett, promised their active cooperation in the movement. W C. Young and Ed Dycus, prominent stockmen of that county, will probably represent Archer county in the fair association

Reports continue to come in from local teams and committees, and the association subscription list is growing steadily However, considerable work remains to be done before the fund attains the mark set.

# Justice Wilson of Electra to Head a Party to Reunion

ELECTRA, June 14.—Justice Ed C. Wilson will head a delegation of five confederate veterans to the reunion in Richmond, Va., beginning June 20. His companions from Electra will be F. E. Pitt, W. E. Whitfield, W. H. Ballard, and T. C. Dill. Mrs. Tama Satterfield, daughter of the confederacy will attend. The Electra contingent will leave Friday.

Justice Wilson fought under Lee, was wounded a number of times, and is eighty-two years old. He walks without aid of a cane, and reads without glasses. He is justice of the peace and expects to be reelected for another term.

# CREAM STATION TO BE LOCATED HERE BY NISSLEY PLANT

An outlet for surplus milk and cream from farms in this vicinity will be furnished shortly by a Fort Worth concern, the Nissley Creamery company, which announced Thursday its plans for establishing an agency and cream station here.

Representatives of the company are now here, making preliminary arrangements, and it is expected that the station will be opened within a short time.

Since a local creamery plant went out of business recently, local dairymen and farmers have been making efforts to establish a steady market for milk and cream, hoping to find someone to take over the local plant and operate it. The Nissley company will not do this, but will put in a station of its own. Officials of the company at Fort Worth told the Times Thursday over long distance that they had no immediate plans for a plant here, intending to establish only an agency and cream station.

While this will relieve the existing situation to the extent of providing a market, local dairymen and farmers are planning to continue their efforts to establish a creamery plant here.

# BUILT BETTER *than Cars that Cost More-*

A CAREFUL analysis of the construction and complete equipment of the Light-Six will convince you that it has no duplicate in value in the light car class.

For instance, the machining of the crankshaft and connecting rods on all surfaces is a manufacturing practice that is found only on costlier cars.

This particular operation is mainly responsible for the fine balance of the Light-Six motor and its remarkable freedom from vibration at all speeds. It also has an important bearing on the wearing quality of the car and on its long-lived dependable service.

The exceptional values in the Light-Six are possible because practically every part that goes into the car is manufactured complete in the most modern plant in the world. Parts-makers' profits are practically eliminated. Important savings through better methods and bigger volume permit greater value to the buyer.

From the standpoint of shrewd investment you should find out why the Light-Six offers you so much more for your money in performance, service and economy.
